SEVENTEENTH YEAR

—Photos by Max.

Eskimos Bow Out Of Grey Cup Chase

BARGING OVER center, Bill Stukus, with only head showing from bottom of pile, scores Eskimo's only touchdown in third and final game against Winnipeg Blue Bombers yesterday for Western Conference title.

HERO OF DAY for Winnipeg cup, quarterback Indian Jack Jacobs, finally being grounded by Eskimo Don Narrell (58), scores Bombers' third touchdown and his second. Jacobs notched Winnipeg's first marker and was outstanding in passing and kicking department.

Eskimos Already Make Plans For Strong Club Next Year

By Dick Beddoes

ENROUTE HOME, Nov. 14.—A bunch of the folks are whooping it up on this Eskimo special as it rolls homeward across the plains toward Edmonton where it will arrive at 5 p.m. today.

And one of them was Annis Stukus, the inequitable Lithuanian, who has sold football to Edmonton in two seasons. He will be back next year, expects to sign a one-year contract which was offered to him last week.

The former sports writer has maintained all fall that he would, in 1950, would be Eskimo's year. He decided to keep most of the talent on his line, but he wanted to add a rugged running halfback styled after Lloyd Coward, and some additional strength in the line.

TEXANS RETURN

As for the current crew, world developments may dictate where they'll be next year. Morris Bailey returns to complete his education at Texas Christian University and may be inducted into the American armed forces upon graduation.

Lindy Berry, Don Narrell and Doug Brimble will return to Texas immediately, with Berry scheduled to have an operation providing that chunk of Asiatic real estate doesn't become the big thing in their young lives.

Line coach Don Durno and Doug Ryan may not come this way again due to the enterprises they are concerned with in Toronto.

But Stukus wants them both back in the Eskimo line.

Tom Cherry, a graduate of Penn State, will hang up his cleats, as will Harry Hobbs.

2 Die at Coast As Fog, Sleet Snarl Traffic

VANCOUVER, Nov. 14.—(CP)—Fog, sleet and icy roads took a toll of death in British Columbia during the night.

Dear Mrs. Alice Robertson, 45, Vancouver, killed in a two-car collision in suburban Surrey, and Mrs. M. Norburn, 29, Victoria, fatally injured when hit by a car during a blinding sleet storm.

Snow—first of the season in many districts—fell throughout coastal and interior areas.

Widow's Death Ruled Suicide

RAYMOND, Alta., Nov. 14.—(CP)—The body of Mrs. Annie Kokkin, Lethbridge widow, was found in the home of her friends, Mr. and Mrs. M. Gradac here yesterday.

Her throat had been cut and a large butcher knife was lying nearby.

Coroner P. W. Gope said it was suicide. No inquest will be held.

TOO BUSY WITH HIS WORK FOR ARSON

ALPENA, Mich., Nov. 14.—(UP)—Austin Grace, 20, had an airtight alibi today when accused of setting fire to his house, which burned down Nov. 5.

"I couldn't have done it," he said, "I was in Detroit that day stealing a car."

Albertans Win Three Grain Titles

Munson Area
13-Year-Old
Wheat Winner

Alberta farmers made it three out of six at the Royal Winter Fair in Toronto today, winning world's championship in wheat, oats, and rye.

Most spectacular triumph was the garnering of the world wheat championship—one of agriculture's most honored awards—by 13-year-old Ricky Sharpe of Munson, Alta., member of the Drumheller junior grain club.

It is the first time in the history of the fair, founded in 1902, that a grainster has taken the big wheat award.

The young Alberta grower won the junior wheat championship last year and the reserve grand champion of the year and the reserve grand champion of the year.

World oil championship went to John Clark of Hainy Hill, Alta., for the second successive year and Chris More of Dickson, Alta., named world's rye champion.

Another Alberta junior, Howard Boppel of Rockyford, clinched the claim a little tighter by taking the reserve grand wheat championship.

Young Sharpe's winning exhibit was Marquis wheat.

NOT AS BLACK AS PAINTED, CLAIMS HUBBY

CHICAGO, Nov. 14.—(AP)—Mrs. Marian Domic, 36, told the court yesterday that her husband, Alfred, 38, "has given me about 50 black eyes during the past year."

Domic, a construction foreman, said "that isn't true, your honor. I only gave her a black eye about once a month."

A divorce hearing on Mrs. Domic's cruelty charges is pending.

More Snow In Edmonton Is Forecast

Looked like more, but that was a scant half inch of snow we saw blanketing the November morning. In fact the weatherman dished it as 40 inches of snowfall, a very small 'precip' indeed.

But don't sell your toboggan—there is no snow in the forecast today in Edmonton and vicinity for continued snow, with northwest 15, slightly colder temperatures.

The thermometer today was expected to climb to a chill 30 above as compared to yesterday's high of 31 at 3 p.m.

SAFETY LOW

Low in past 24 hours was registered at 7:30 a.m. today when the reading was 20 above.

North of this area the snow was beginning the winter's piling with 42 inches sitting down on Peace River in past 24 hours and good two inches at Fairview.

Lesser Slave Lake areas had 38 inches and Whitecourt, 15 inch.

OUTLOOK for tomorrow is something short of spectacular. The weatherman scheduled continuation of today's temperatures with a possible rise to 40 above.

Cope-Canada temperature reading yesterday follows:

SAULT STE. MARIE, Ont., Nov. 14.—(CP)—Police are investigating a possible attempt to blow up the new armory under construction at the Defence Minister's residence.

The armory is on Pine street in the east end of the city. A considerable distance from industrial plants and the ship canal.

Police said that more than a week ago workmen found a canister containing inflammable powder and hooked up to a 20-foot length fuse which was half burned. Early Sunday, they added two sticks of dynamite were found near the powder storage warehouse, about 100 yards from the new building.

PERHAPS CRANK

Police linked the finds to "a sabotage scheme likely perpetrated by a crank."

Investigation Opens In Major Tragedy

Criminal charges may be laid in the wake of the Leduc Hotel disaster, it was reported in Edmonton today, as exhaustive investigation into the cause of the major tragedy continued into the third day.

The charges may be laid following an inquest on the explosion and fire which claimed 10 lives and sent 16 stunned survivors to hospital.

Civil actions for damages for loss of life, injury and property damage are also expected to arise from the disaster.

Probe into circumstances surrounding the disaster is being carried out by the provincial coroner, the attorney-general's department, Alberta's fire commissioner and the RCMP.

A report was also being prepared by a natural gas consultant for Leduc Utilities Limited, the firm which was to have turned the gas on in Leduc late Saturday.

The inquest has been tentatively set for Nov. 28 at Leduc, it was announced yesterday.

The disaster probe is being carried out while authorities are still seeking to establish the identity of the fire victim, and funeral for another was arranged for this afternoon.

None of the official investigators evidence will be made public before the inquest but early reports said gas leaking from an uncapped gas pipe into the hotel was responsible for the terrific explosion and flaming aftermath that left the two-story brick building a ruin of charred timber and twisted pipe.

Reliable sources said yesterday the coroner's jury might attempt to fix responsibility in the light of evidence already uncovered.

Two Students Win Degrees At Stanford

Two Edmonton students have been awarded graduate degrees by Stanford University in California during the summer quarter.

They are Gordon Leslie Mowat, who received the degree of Master of Arts, and Charles Richard Stelek, who graduated as Doctor of Philosophy in the school of mineral sciences.

The Rutherdale High School Association will hold its regular meeting tomorrow night at 8:15 in the school auditorium.

Contributions to the Canadian National Institute for the Blind rural fund rose to \$755.00 over the week-end.

The IDEE at McLennan sent in \$158. Order of Royal Purple at Hythe, 562, and Lions Club at Rimby, 443. Various other smaller donations brought in the week-end total up to the \$355 mark. Campaign objective is \$20,000.

Mill Creek Home and School Association will hold its regular monthly meeting tonight at 8:00 o'clock in the school.

WESTLOCK—Car and tractor were destroyed yesterday in an early morning fire that swept through the farm garage and main house of R. Marquette in the Rossington district.

No estimate was made of the damage, but only the car was reported covered by insurance.

Mr. Marquette was awakened by his wife at 1 a.m. when the fire was discovered. An attempt was made to rescue the tractor, but both it and the car were destroyed and the buildings burned to the ground.

Rossington district is about 45 miles north of Edmonton.

Charles Gordon, no fixed address, pleaded guilty to obtaining judgments by false pretences before Magistrate S. G. Main in city police court yesterday and was sentenced to 15 days in jail.

He stayed at a downtown hotel for 10 days in October and gave cheque for \$23.50. The cheque was worthless.

Acquitted Of Fraud Charge

Charged with fraudulently using his employer's credit card on six occasions, an Edmonton man Monday was acquitted on the six counts when his lawyer argued he had never been formally "fired".

Steve Y. Scarber, former Sparling Davis employee, was alleged to have obtained \$67.54 in goods from six service stations in Edmonton from May 26 to June 17.

TWO CARDS—His employers said he had been dismissed and asked to turn in his credit card. Scarber turned in one card but company officials who paid for his purchases at the stations later discovered he had a second one, they said.

Mr. Justice C. C. McLaughlin ruled there was insufficient evidence that Scarber's employment had terminated at the time of the alleged offences.

The big Sydney harbor bridge is an Australian national symbol similar to the Eiffel Tower or the Statue of Liberty.

Woman Forger Jailed After Admitting Guilt

A Bonnyville woman was sentenced to one year in Fort Saskatchewan jail today in police court when she pleaded guilty to four charges of forging cheques.

Hazel Evelyn Miller also was sentenced to nine months on each of five charges of obtaining cash and goods from Tofield and Holden merchants by false pretences.

She will also serve six months each on two similar offences involving less than \$25. All terms will run concurrently.

LIVED OFF PROCEEDS—Jack A. Steele, also of Bonnyville, whose police said "influenced" and directed the woman in forging the cheques and then living off the proceeds, was sentenced to nine months in Fort Saskatchewan. He pleaded guilty.

Seven cheques were laid by RCMP and involved obtaining money and goods by false pretences with worthless cheques. Forgery charges were laid by city police and involved \$280.

Ltd. The proceeds were sentenced to nine months in Fort Saskatchewan. He pleaded guilty.

INITIATION in Delta Upsilon fraternity has its own special brand. Ritual features shaving of letters DU on heads of initiated. Student barber Pat Mahoney puts tonorial touch on Don Stinson, one of 13 new members initiated this year at fraternity house, 11153 Saskatchewan Drive.

Canadians' Advance Party In Korea Sore at 'Brass'

BY DAVID MCINTOSH
PUSAN, Korea, Nov. 14.—(CP)—The advance party of Canada's United Nations brigade, quartered here, already refer to themselves and the brigade as "the lost battalion."

There is a good deal of angst expressed—among both officers and men—about how the brigade movements have been handled.

One officer said: "We were formed as a brigade to fight in Korea. That's what they told us and that's why we joined up. Then there was talk about sending part of the brigade to Europe. Now they are sending one battalion over and we don't know what's happening to the rest. It's one hell of a situation."

(In Victoria, B.C., yesterday Defence Minister Claxton said the whole of the special brigade—11,000 men—may go to Korea. The brigade now is moving to Fort Lewis, Wash., and the entire force will be at the United States base by Nov. 25.)

(Earlier it was announced that only a 900-man battalion would go to Korea at present with the other troops held for assignment by the United Nations.)

When the Princess Patricia's Light Infantry arrives from Fort Lewis, next month, the troops will probably go into training at Taegu in central South Korea.

The men also complain that they are not receiving the pay they were promised.

SPRITS STILL HIGH—The troops claim they were told before they joined the Korean brigade that veterans would be paid as trained men.

One officer said he believed the men would start drawing trained soldier's pay as soon as the normal period of training—three months—was up.

Both these complaints, however, do not mean that morale is down. Spirits are high, even in this impoverished country.

Alberta Health Policies Flayed

MHO Little Blames Province For Lack of Federal Funds

Edmonton and other Alberta cities are "practically excluded" by provincial government policy from sharing in the \$287,700 general public health grant made annually to Alberta by the federal government.

Dr. C. M. Little, Edmonton's medical health officer, said today he has "been unable to ascertain any adequate reason why the cities alone, in their present urgent need, are practically excluded from participation in assistance from the federal government."

In August, Edmonton applied to the province for \$60,000 from the Dominion General Public Health Grant, for "expansion in public health services. But 'it is disappointing that the province has seen fit to approve only \$2,522 of this request for equipment only," said Dr. Little.

Alberta receives \$287,700 each year from the federal government for improving public health facilities throughout the province, but last year expended only 59 per cent of the total.

Last year Edmonton asked for \$10,000, and received \$5,000. "It appears the provincial government will approve no continuing expenditures from this grant for our city, as 75 per cent of our annual budget is salaries and similar continuing expenditures," said Dr. Little.

"He said provincial attitude is 'especially puzzling' in view of stated willingness of the federal minister of health to give consideration to such projects as are urgently required to improve the health of people of our city."

The troops claim they were told before they joined the Korean brigade that veterans would be paid as trained men.

One officer said he believed the men would start drawing trained soldier's pay as soon as the normal period of training—three months—was up.

Both these complaints, however, do not mean that morale is down. Spirits are high, even in this impoverished country.

"The Name to Depend Upon"

Complete Investigation

The entire province of Alberta will sympathize with the citizens of Leduc who are indignantly demanding the fullest possible investigation into the cause of the fatal hotel explosion last Saturday.

Explosions, except in rare circumstances which do not seem to have prevailed at Leduc, do not happen of their own accord.

Carelessness, inefficiency or some other human factor is usually at the basis of such catastrophes.

Thus, no cursory probe will be sufficient to avert the possibility of a situation in which 10 people lie dead and 16 are injured.

Somewhere is responsible for this tragic occurrence and somebody must pay a penalty for it.

But while this is true, it does not excuse any of the wild talk that has been heard around Edmonton in the past couple of days.

Too many people are obviously functioning as examining experts, as coroners' jurors and as judge and jury.

When the time comes, if it comes, to re-arrange further forces for the Canadian army, the Canadian parliament should issue rather definite instructions to Defence Minister Brooke Claxton who says he "not particularly concerned" about the Korean expeditionary force of 9,000 men, 703 went absent without leave and 104 were classed as deserters.

If Mr. Claxton is not particularly concerned about this record, somebody should be. For obviously, according to the reasons given by him for the absence, recruiting was a most unsound basis.

It seems to be established that many absentees took themselves off when they discovered that the prospect of immediate fighting was pretty all and that they were slated for probable occupation duties.

Just Once In Twenty-Five Years

Some other city departments should regard the record of Edmonton telephone officials and bluish.

Most telephone lines run from the central exchange at 100 street and 102 avenue along 100 street to the top of McDougall Hill. From that point they are distributed east, west and south.

The telephone department is going to dig up that part of 100 street to lay new cables. They will lay enough of them to do for the next 25 years.

It is 25 years since they disturbed 100

There is too much tendency to condemn a principle because there has been a single exception to it.

For instance, there are certain reasons to believe that a leakage of natural gas causes the Leduc explosion.

It has not yet been established definitely and officially that such is the case. But it is the reasonable explanation offered up to the present.

If a leakage of natural gas caused this explosion, natural indignation, grief and resentment should not cause people to forget that where natural gas, improperly handled, may have precipitated one major disaster, it has caused many others, has served and still serves thousands of communities over a long period of years without the slightest rack to the users.

If it caused the calamity, it should be remembered that it is not gas itself that should go on trial but those who presumably handled it carelessly.

No one ever suggests abolishing the automobile because an automobile, driven by a drunken or a stupid driver, kills a pedestrian.

Somewhere, clearly, had failed to make it plain to them that enlistment involves a certain degree of obedience.

Other deserters, it has been told that all their domestic troubles would be taken over by the army. When that failed to be the case, they simply ran away to strike out on their household affairs.

This very bad record of absenteeism and desertion is not to be laid primarily at the door of the volunteers.

They appear to have been promised a great deal that they should not have been promised and a great deal of which it would be impossible to deliver.

It is not a good foundation upon which to build a new army.

Letters to the Editor

Old Country

French

Editor, Bulletin—Two editorials have appeared in this paper of recent dates being a display of the ignorance of the Old Country French. Was the writer a school boy during the Second War as displayed by his ignorance as to the dreadful calamity that occurred that nearly turned the tide in favor of the Germans?

Does this writer not know that the Frenchman European French authorities said to the German, probably at the request of the element that was not German, but the same old hostile enemy of the British.

It was this same "all-out" that was the means of bringing about the Battle of Britain. The Battle of Britain was fought on the French air by the order of the British.

It is not a very bright future to see the facts please enlighten me.

Poetic

Meteor

Editor, Bulletin—The meteor which streaked across Eastern Canada's skies in a brilliant flash last Thursday reminds me of a similar celestial visitor we had here in March of 1934.

Many of your readers should be able to recall seeing this vagabond from outer space flash across our western sky in blazing incandescence to burst with tremendous violence somewhere in central Alberta.

It was cloudy and dusk in Leduc that March evening—spring was in the air and I saw in Margie's eyes—No! No! as you were—I saw the night sky light up to daylight brilliance for several moments before the meteor burned out or burst into little sparks.

The above events brings the great but terrible meteor pretty close to our own back yard—in spite of its poetic name.

Before they are visible they are known as meteoroids. When seen as "shooting stars" they are properly called meteors.

What are the odds against one of these stellar visitors falling on Edmonton? Well, for one thing seven fifths of the Edmonton area is covered by water, so four out of five will fall into the sea. These are better odds than crossing Jasper Avenue—also very wary.

P. N. KOWAL, Leduc.

Thank You Note

Editor, Bulletin: May I express the appreciation of the Edmonton Business and Professional Women's Club for the paper accorded to during the month of September in connection with our presentation of the Winnipeg violinist, Miss Donna Gresson, in concert at the end of that month.

We were particularly grateful to the excellent picture gallery of the Edmonton Business and Professional Women's Club for the month of September in connection with our presentation of the Winnipeg violinist, Miss Donna Gresson, in concert at the end of that month.

EDMONTON BULLETIN, Tuesday, Nov. 14, 1950

Westlock Society Has Good Season

Financial Report at Meeting Shows Profits of Last Year

WESTLOCK, Nov. 14.—A successful year was reported by Westlock Agricultural Society at their annual meeting held Friday in the Memorial Hall, with 40 members attending.

The financial statement, presented by secretary R. Beattie, showed net receipts for the year were \$4147 and the society closed the year with \$471 cash balance and assets totaling \$8053. This is an increase of \$668 over 1949.

Membership increased from 36 in 1949 to 138 in 1950. Members gave approval to recommendations of the executive for the coming year. This included a banquet to be held later in the season, erection of a dining hall and horse barn.

GRAIN SHOW

A committee was appointed to arrange the details in connection with the grain and poultry show to be held in March and the tilage competition for the summer of 1951.

Election of officials was deferred until Nov. 24, when a nominating committee consisting of L. Hildebrand, N. Coburn, D. Hart, W. Burchett and Mrs. W. Platt will submit a slate for the approval of members.

Talent Night In Smoky

SMOKY LAKE, Nov. 14.—A successful Amateur Night was held in Ortona Hall last week, sponsored by the H. A. Koskiah Students' Union.

The audience was entertained by varied program of solo acts, instrumental numbers and monologues. Honors went to John Waschuk and Johnny Kalkick for their rendition of popular music on the violin and guitar. Sally Hasky walked away with second prize for her exceptional talent in solo work.

The third prize also a solo was won by Lily Rubulak. With added entertainment, Constable Umpierre of Smoky Lake sang solos which were applauded.

Guest artist for the evening was Walter Metak of Waples who is known for his impersonation of other actors.

Man Injured In Town Fire
DUMMELLER, Nov. 14.—Jack F. Fry, of East Coulee, received burns to his hand and some scratches, as he escaped shortly before 5 a.m. Sunday from a blaze which totally destroyed his home and caused damage to the adjoining property owned by John Hart.

For a short time the blaze threatened to raze the entire block of over 20 dwellings. The Hart place received water, fire and smoke damage.

The blaze was fought by eight men of the East Coulee crew and four from the Dummeller volunteer brigade. Water was thrown on the conflagration by bucket brigades from the Dummeller sprinkler unit and from a locomotive standing in the East Coulee railroad yard.

IN BRIEF
New Church Will Open At Stettler
STETTLER—November 22 is the date set for the opening of the new new catholic Church.

There will be services at 10:30 and a reception at the hall from 2:30 to 5 p.m. Archbishop McDonald of Edmonton will be present with other visiting clergy.

CORONATION—Members of the Junior Red Cross of room two and three in the local school held a popcorn and candy sale recently.

The sum realized was over \$30. The fund received their five year Honor Certificate for having the Red Cross organized for five consecutive years.

BASHAW—Remembrance Day services were held in the Elks Hall Saturday when the main address was given by Rev. F. C. Austin, St. Peter's Anglican Church.

HANNA—Roger E. Tallage has disposed of his general store at Dowling to Mr. and Mrs. J. J. Tetz.

Mr. and Mrs. Tallage and small daughter have taken up residence in Hanna.

ATA Holds Meeting
SMOKY LAKE, Nov. 14.—The Lake ATA Sub Local held their regular meeting at Waples recently with 22 members present.

The main item of the meeting was a report delivered by Superintendent Koskiah regarding the graded tests that will be given to all pupils of schools in the Smoky Lake Division. Volunteers were also chosen to help the results of these tests.

Ponoka Honors Dead In Memorial Service

PONOKA, Nov. 14.—A crowd of about 600 persons, the largest for some years, attended Remembrance Day parade and service held here at 11 a.m. Saturday.

With solemn dignity the celebration, arranged by the Canadian Legion branch, was carried through in a creditable manner. Thirty wreaths of poppies from organizations, business houses and individuals were placed on the altar after the invocation.

Rev. C. G. Ashdown conducted the devotional part of the program giving an address in which he warned against social evils which were fought by RCAF when aiki and propeller were flown in Pilot and passenger. Albert M. Piel, centre, are now safe in Lac La Biche.

Parading units were the 17th Field Dressing Station, Major Elliott commanding and P. Sutton in charge of color party, Ponoka Squadron Air Cadets and ex-servicemen and women. Boy Scouts acted as banners.

At the close of the service wreaths were placed at the cenotaph in Forest Home Cemetery.

PILOT of light aircraft which was grounded northeast of Lac La Biche last week is Victor Hawick. Plane was object of mercy flight by RCAF when aiki and propeller were flown in Pilot and passenger. Albert M. Piel, centre, are now safe in Lac La Biche.

TOMAHAWK, Nov. 14.—Hanna Freier and Edward Schadeck were married at the Tomahawk Lutheran Church Thursday.

The bride is the daughter of Mr. and Mrs. F. Freier of Hay Lakes and the groom the son of Mr. and Mrs. R. Schadeck of Tomahawk. Rev. Stark of Tomahawk performed the ceremony.

While neither driver was seriously injured, both vehicles were badly damaged.

CORONATION, Nov. 14.—Annual meeting of the local curling club was held last week, when the following were elected to office for the 1950-51 season: president, A. Laird; vice-president, A. Hendricksen, and C. Lure; secretary-treasurer, Don Walker.

Skips will be voted on later and they will pick their own rink.

Banquet Held In Wetaskiwin

WETASKIWIN, Nov. 14.—A father and son banquet held by the United Church in the social rooms of the church last week proved to be one of the most successful of church activities in many a year.

With a turnout of well over 100 "dads and their lads" and a program supplied by a group from Alberta College, Edmonton, under the guidance of Rev. and Mrs. Upton, another year in the positions of secretary and treasurer of the club.

The banquet was highly entertaining and enjoyable for the large appreciative audience. The 11th was sponsored by the Men's Club of the church, organized last fall.

An election of new officers for the coming year 1950-51 in the Men's Club was held during the business portion of the meeting with R. R. (Dad) Harris taking over the presidency of the club, Jack Law, vice-president, and Dr. L. E. Johnson and Collin Adams staying on for another year in the positions of secretary and treasurer of the club.

At the present time they have had enough lumber for the floor and roof of this building and they expect to build the rest out of logs.

Skiers Work

BENTLEY, Nov. 14.—Bentley Ski Club has improved the ski hill on the quarter section of land, west of Bentley, which they purchased last spring.

They have had runways, roads and parking space bulldozed, as well as space cleared for the lodge, which they intend to build in the near future.

At the present time they have had enough lumber for the floor and roof of this building and they expect to build the rest out of logs.

Woodward's

Only RCA VICTOR gives you ALL 3 at their very best!

BECAUSE Only RCA VICTOR gives you a separate "45" automatic player

With the "45" you say goodbye to old "spindle-seeking" and "one-at-a-time" loading. Pick up a stack of records in 2 fingers, drop them on the big centre spindle with your eyes shut. Press a button and the show's on. It's the modern way to play records—and only a "45" player can give you ALL "45" advantages.

BECAUSE Only RCA VICTOR gives you a second automatic changer exclusively for "33 1/3" and "78" records

No training course needed! No take-out, lay-side, con-fusion gadgets—no confusion! You make far fewer adjustments than with any 3-speeds-in-one mechanism. Just set it for the speed you want, load it up—and relax. It's fully automatic.

RCA VICTOR V-307

RCA Victor's Simplified 3-Speed Record Playing System in a distinguished radio-photograph of modern design. Powerful 7-tube standard and Shortwave radio... with "Golden Throat" tone, personalized tone control.

\$299.50

In walnut slightly higher in mahogany or blonde

Deluxe in Styling—in Performance!

\$409.00

Distinguished Chippendale inspired styling, magnificent "Golden Throat" tone, and superb 3-Speed performance. Automatically plays "normal" 16" and 12" records of the same speed. Extra-powerful "superior" radio with Standard and Shortwave bands.

In walnut slightly higher in mahogany

Watch your dealer demonstrate all three speeds of records on the new RCA Victor. See how easy it is to operate the separate "45" changer. A turn of a switch changes the play from the "45" to the "78" to "33 1/3" turnable. Here at last is a truly insuring way to enjoy your own choice of records of any and every speed.

No other Radio-Phono can play ALL records so perfectly, so simply, so easily

drilling at 3,230 feet, with about 700 to go to the production level.

In the Stettler area, Gulf O'Sheridan should be near the D-2 zone, drilling at 5,136 feet Monday. The well is about 38 miles southeast of the Westlock Bashaw well and 10 miles north of Stettler production.

The Gulf Leschert discovery, 10 miles northeast of the previous limits of the Stettler field, is still coring at 5,254 after getting a bit of the D-2 well from 5,224 to 5,242. Results in the last 12-foot interval

FINANCIAL BRIEFS

Non-Military Aluminum Use Cut 35 Per Cent By U.S.

WASHINGTON (AP)—The

United States government yesterday ordered a 35-per cent cut in the non-military use of aluminum effective Jan. 1, 1951.

Though the expected action was a momentous one and might have important effects on the economy, the government said it was being considered in the context of the war against Japan.

Aluminum is used in vacuum tubes, radio cabinets, car roofing and hundreds of other products. Harcourt said it is impossible to estimate the effect on the product.

In Ottawa, trade department sources said they do not believe Canada will have to follow the United States government's action.

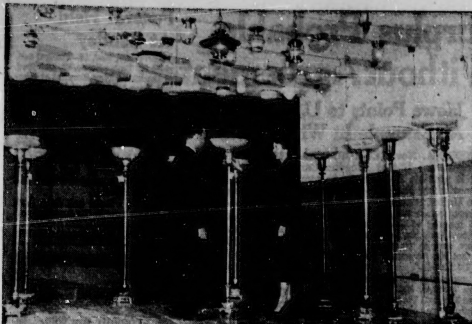

Canada, they said, had a good supply of aluminum.

MODERN ELECTRICAL FIXTURES of many designs are on display in this special showroom of Bruce Robinson Electric Limited's new plant at 109 street and Jasper avenue. Shown here are clerks Paula Ragan (left) and Bill Brownlee. The firm manufactures most of its electrical products.

Bruce Robinson Formed as Farm Lading Firm in 1916

Bruce Robinson Electric Ltd. has virtually grown with the Province of Alberta.

The company was formed at Calgary in 1916 eleven years after incorporation of the province.

Its founder, Bruce Robinson, operated it as a farm lading firm until early in the twenties, when the company branched into electrical refrigeration.

GETS AGENCY
The change coincided with formation of the Frigidaire Company by General Motors. Mr. Robinson applied for, and obtained, the Alberta Frigidaire agency, which the company retains to this day.

On the death of Mr. Robinson in 1920, the presidency was taken over by M. C. Brownlee, prominent Calgary businessman and a well-known Alberta pioneer. Ever-growing, the company is today planning a branch at Lethbridge, in addition to the Edmonton branch, opened in 1924.

Rapid progress of the latter branch, culminated by opening of the new plant at 109 street and Jasper avenue, is largely due to the company's capable Edmonton management staff.

LOCAL MANAGER

George W. McNeill, manager here since September, 1924, has been with the firm since February, 1927. A native of Kincardine, Ont., Mr. McNeill came to Alberta in 1910 and was schooled in Calgary. Starting as a salesman, he rose quickly through the ranks prior to his appointment as manager.

Mr. McNeill served with the Canadian engineers overseas during World War I, and was Edmonton adjutant of No. 12 air cadet squadron during World War II.

Married, with two children, Mr. McNeill is a former president of Edmonton Rotary Club and a member of the provincial executive

Prompt Shipment Key to Success

Speed Answers Problems Of Vast North Territory

In its role as a distributing firm, supplying electrical goods to hundreds of dealers in Northern Alberta, Bruce Robinson Electric Ltd. has always emphasized the importance of prompt shipping.

A staff of five people, headed by veteran Edmonton shipping clerk John Zeezy, handles all calls from the city and outside points. If at all possible, goods are shipped by rail, motor vehicle or air on the day the order is received.

One of the shipping staff's big jobs is keeping up a steady flow of supply to 125 dealers in Northern Alberta who retail Frigidaire products, of which the company is sole Alberta distributor.

MANY PHONED

Most of the dealers' orders are placed by mail, but a considerable amount of business is done by telephone.

The company is well geared for communications, with a telephone switchboard of eight trunk lines connecting departments. Important messages between headquarters at

Calgary and the Edmonton branch are carried by teletype, direct from the office.

Development of the northland has opened new vistas for Edmonton firms.

Like other business places in the "Gateway to the North" Bruce Robinson Electric Ltd. ships a lot of goods to Yellowknife, Dawson Creek, Fort Smith and other outposts.

AIR SHIPMENTS
"Most of the shipments are made by air," states George W. McNeill, manager of the firm. "Even the larger air-conditioning and refrigeration units are shipped in one piece, without dismantling."

Goods received at the Edmonton plant are unloaded on a platform at the back of the building, next to the parking lot. Most rail shipments are brought in by C.P.R. where freight trucks border the platform.

A 2,000 square foot storage room provides space for all shipments, until room is found for the goods in various departments.

Chief Pharmacist At Royal Alex Dies at Home

Lyman Albert Brown, 62, Westminister Apartments, head pharmacist at the Royal Alexandra Hospital for nine years, died at his home Sunday.

Mr. Brown had lived in Edmonton for 30 years.

He came to Edmonton in 1920 and operated his own store for 20 years, prior to joining the Royal Alexandra staff.

He is survived by his wife; two daughters, Mrs. C. F. Gaudley, Edmonton, Mrs. Thomas Wells Hine, West Hartford, Conn.; two brothers, Dr. Harold W. Brown, Vancouver, Norval T. Brown, Edmonton; and

EDMONTON BULLETIN, Tuesday, Nov. 14, 1950 7

Rail Issue Terms Loom

OTTAWA, Nov. 14.—(C.P.)—Final terms of settlement in the long railway wage-hour dispute are being drafted here by Mr. Justice R. L. Kellock of the Supreme Court of Canada.

The justice, appointed government arbitrator to settle remaining points at issue between the railways and their unions, concluded hearings with the disputants at Montreal Friday.

His report to the government—expected to be submitted before Christmas—will lay down the terms of new contracts between the railways and 77 unions with total memberships of 124,000 rail employees who staged a nine-day general strike in August.

Under legislation that ended the strike, Mr. Justice Kellock was empowered to fix the settlement within the area still in dispute when the companies and unions broke off final negotiations during the walk-out.

Congratulations . . .

Toronto's first Aluminum ware factory in Canada

IN 50 YEARS
ALUMINUM HAS GROWN TO BE A LARGE PART OF CANADIAN LIVING

Building the home for Wear-Ever

1950 is the fiftieth anniversary of the Wear-Ever line in Canada. These aluminum cooking utensils were introduced here at the beginning of the century. Their popularity grew so rapidly that by 1912, a new factory was needed to supply the demand. This was built in Toronto. It was the first plant in Canada to make aluminum articles—and this was only a dozen years after the first Canadian smelter had started making aluminum ingots at Shawinigan Falls.

Today Alcan has twelve plants, all of them engaged in the aluminum industry, while more than 1600 independent companies across Canada shape the metal into all sorts of useful forms—from kettles to freight cars.

Chase Through Theatre Means Complex Series

One of the most complex sequences ever done for a motion picture was completed for "Stage Fright" now playing at the Empire Theatre.

This is the new Warner Bros. film directed by Alfred Hitchcock, starring academy award winner Jane Wyman, Marlene Dietrich, Michael Wildgen, and Richard Todd.

It is the sequence which contains that staple of traditional Hitchcock excitement, the "chase" and was filmed in its entirety within the walls of the famous Swiss Theatre in London.

Miss Wyman has just discovered that the boy friend she has been shunned from the police is falling into a police trap. Todd, the man being chased, has come to hide in the theatre where Miss Dietrich is playing.

STARTS IN CELLARS

While a Scotland Yard detective, Todd is "spotted" which begins when Todd is chased in the cellars of the famous old playhouse.

Quickly, Scotland Yard men begin closing in on the "chase."

A shouting warning, a yell that reverberates throughout the building and the fugitive finds the detectives in the climactic pursuit through passageways, backstage dressing rooms, corridors, and finally to the stage itself, where the chase ends in spectacular action.

In new Hitchcock "Stage Fright" ranks higher than any of the other, "9 Steps," "Shadow of a Doubt," and "Frenzy" Currier says.

Hitchcock produces.

Seasonal Employment Lag Hits District at Last

Unemployment in Edmonton showed a slight—and expected—seasonal increase in Edmonium this week.

The figures here tell of lessening job opportunities reflected a fall of the national season as the federal department of labor reported that seasonal employment had set in, but at a slower rate and later than last year.

Total of 1,730 seasonal applicants was reported by the National Employment Service Office here for week ending Nov. 8. The figure represented an increase of 132 over previous week.

In the same period unfilled job vacancies dropped from 612 to 543.

MORE WOMEN, TOO

Increase was also noted in number of women seeking employment. This week's total reached 1,067, a gain of 57 from week before. Job vacancies for women dropped from 398 to 279.

Temporary lag in movement of men to northern mines was reported by the Alberta and Northwest Chamber of Mines office in Edmonton.

Officials said regular seasonal difficulties were hindering shipment of men and materials to the north. One of the rivers over which truck hauling is carried out on the 200-mile stretch from Yellowknife to the Keno lead and silver mine north of Mayor, Y.T., had not yet thawed over enough to permit passage of trucks, they reported.

"Edwards is just too good to miss! Imagine—costing no more than coffee in a paper bag yet it's vacuum-packed in tin!"

Get guaranteed freshness for not a penny more* with vacuum-packed Edwards

Edwards costs no more because Edwards goes STRAIGHT-LINE to Safeway to you...eliminates extra, costly handling! It's roasted only to order...rushed to Safeway and placed fresh and fragrant on the shelves. No long storage. No roundabout handling. You get rich coffee, VACUUM-PACKED FOR NOT A PENNY MORE!

*For not a penny more than for other well-known quality coffees sold in paper bags.

Blended, roasted and vacuum-packed in Western Canada.

Northern Post Minister Leaves

HANNA, Nov. 14.—(CP)—Mrs. J. Ellis and two sons are moving to Vancouver at the end of the year.

For the past three years they have lived at Carleton Place, where Mr. Ellis has been in charge of an Indian Mission. Their eldest son, who is now in charge of a fund school which is the main factor in their leaving the north country.

For a number of years the Ellis family lived in Hanna where Mr. Ellis was in charge of All Saints parish.

BRIDGE

Shutout Bid Is Often Risky Business

By Oswald Jacoby

"Please comment on the bidding of the reader," I was asked. It has caused quite a stir in our club, and we'd like to set our minds at rest.

The play was not without interest. West opened the diamonds and played the third card of that suit with the three of spades. He then led the ten of clubs, and East continued and continued with a third club. South ruffed with the ace.

At Great Bear lake the Eldorado pitchblende mine at Fort Radium was "isolated" because planes could not fly over the lake, the report added. In summer planes used floats to land on Great Bear and in winter they made wheeled landings on the ice, it was pointed out.

Between seasons, such as the present, the hazardous conditions made both types of landing impossible.

They reported same conditions applied at the new radium fields at Goldfields on Lake Athabasca.

They expected the situation to right itself by December 1.

Meanwhile a bright spot in the employment picture was the Edmonton Post office report for 630 Christmas rush helpers.

The NES office said preference would be given to its other year's unemployed service-men, with all applications to be taken into the employment.

First of the extra Yuletide help would be needed by December 1, officials stated, with the "big rush" due about the middle of the month.

NES officers said some winter would be needed for the major job of handling Christmas mail.

Signal Camouflaged

BRIDGEMONT, Eng.—(CP)—A North-South driver charged with careless driving being pleaded that his hand was so black from coal dust that he could not see.

The case was dismissed.

Coal Export Cut During Winter

U.K. Announces

LONDON, Nov. 14.—(Reuters)—A cut in British winter coal exports was announced in the House of Commons yesterday by Philip Noel-Baker, minister of fuel and power.

Saying that the government would make essential requirements of the home market the first charge of coal for export, the minister said:

"We shall certainly have some coal for export, although as a result of present levels of home consumption and output the amount will be substantially less than a year ago."

Father Pleads Guilty

MONTREAL, Nov. 14.—(CP)—Leopold Bergeron, 44, of Chambly, Que., yesterday pleaded guilty to four charges of rape and to two charges of incest on his five young daughters aged from 12 to 15 years. He will be sentenced in the end to the present term of the sentence. Maximum penalty for rape is death.

THIS PHOTOGRAPH of two baby cockatoos, entitled "Now Listen" was a prize winner in a contest sponsored by "Now Listen" magazine, San Diego, Calif.

Canadian Advance Party Sets Up Camp in Pusan

PUSAN, Korea, Nov. 14.—(CP)—The Canadian advance party of the special brigade was buckled down today to this dirty corner of the world.

The 350 men took over a couple of hill overlooking this city, about the size of Saint John, N.B.

The barracks are as far as possible away from the filth of the streets and open sewers. One of the first jobs was to clean the buildings thoroughly before installing the kitchen stoves and so on.

BETTER THAN ITALY

Still, the Canadians said they had got better than they had bargained for. The barracks were clean, the food was good, and the weather was better than they had bargained for. They had thought they would be sleeping on a dirt floor, hadn't they? They had thought they would be sleeping on a dirt floor, hadn't they?

Many of them had been in Italy. In a couple of days, things were ship-shape, and the first mail the men had received in more than a month brightened the scene more than tired bathrooms and mattresses could have done.

The Americans fed the Canadians in the second school building, about 200 yards along the side of the hill, until the Canadians got their own kitchen set up.

The first meal was ready and waiting when the men reached their barracks. The menu: western, mainly meat, carrots, peas, and fruit. There were also some of the local white bread, chicken, brown or peanut butter, chili sauce, vinegar, and so on. That night, the men got ham, soybeans, asparagus, macaroni and cheese, peaches.

Spr. Norman Darnforth of St. Thomas, Ont., said: "We usually had to wait hours for our first meal and then get cold feet at the end of it. This was really something."

THIEF OR BARTER

Pte. Alex. Roy of Toronto, a cook, dashed around looking for his soldiers. Several Koreans did most of the carrying and sweeping. The Canadians posted guards all over the camp. There is a major occupation in this country.

Gens. Earl Williams of Montreal, Peter Sygar of Edmonton and George Beban of Toronto tried to drum up a little barter with a Korean soldier.

The day before the Canadians arrived, the first price was set at 2,500 for \$1 to 4,000 for \$1. The Canadians, referring to their own dollars, decided to improve the Koreans that their stuff was worth more now. The "stuff" is usually soap or cigarettes.

The first night was bitterly cold in the unheated barracks. Some managed to borrow sleeping bags from the Americans. The rest just shivered in their blankets.

Nearly everybody went out the first night to have a look at the town. Down the hill, the Canadians rubbed shoulders with Thais, Turks, Australians, British and Americans. Curious to see the Koreans is 6 p.m. for all troops 10 p.m.

Next morning, Sgt. Lorne Holm of Ashcroft, B.C., Danny Gign of Edmonton and Jimmy Walcott of Toronto were the first to ask: "Where can we find a stove?"

Uncle Wiggily's Bedtime Story

Uncle Wiggily hopped out of bed in his hollow plank bungalow one morning. The rabbit gentleman twiddled his pink nose. That is, he tried to make his nose twinkle, but it wouldn't so much as twinkle, "Oh, dear, dear, dear me!" he exclaimed. Mrs. Longears, "Where you calling me, my?" asked Mrs. Longears who was still snuggled down under the fuzzy blankets of her bed. "Where you calling me?" "No, not exactly," answered Uncle Wiggily. "I thought you said 'Oh dear, dear, dear me!' And you often call me your dear." "So I thought," said Mrs. Longears. "I still call you my dear," answered the rabbit gentleman. "But the reason I said 'Oh dear, dear, dear me!' just now is that my pink nose won't twinkle. Look my dear Mrs. Longears. Do you see any twinkle on the end of my pink nose?" The rabbit lady wife looked and said: "No, Wiggily, your pink nose isn't twinkling the least bit." "Then I had better call Dr. Possum," Uncle Wiggily started to hop to the telephone, but his wife said: "Don't be a silly old dear, Wiggily. The reason your pink nose doesn't twinkle is because it is too cold." Uncle Wiggily put his left front paw to his nose and said: "You are right, my dear. My nose is too cold to twinkle. But why is that, do you suppose?" "I suppose, Wiggily," the rabbit lady answered, "it is because the weather has suddenly turned cold."

Horoscope

By FRANCES DRAKE
Look in the section in which your birthday comes and find what your outlook is, according to the stars.
FOR WEDNESDAY, NOV. 15, 1950
March 21 to April 19 (Aries)—Very intelligent, but a bit impatient. Journal and earned profits in trade, industry, profession, business, scientific, journalistic, crime and government officials honored.
April 21 to May 21 (Taurus)—Abundant in money, but a bit slow to move. A warning from Saturn's aspect not to make drastic change involving heavy expenditure or much change unless necessary. Domestic work, all day.
May 21 to June 21 (Gemini)—Other fine day is a generous Gemini and private interest.

The Old Pros Were Levelling

You could put it this way: at the finish, when the Old Pros wearing those Winnipeg Blue Bombers uniforms got down to playings for keeps, the Rover Boys just didn't have it.

There's no intention to disparage nor make like a wise guy in hanging that "Rover Boy" tag on the Eskimos. Not an individual who has had a thing to do with the Eaks for the past two seasons need make any excuses for their final fizzle in Osborne Stadium.

But the fizzle in the Bombers' line-up was provided largely by "name" professionals like Jack Jacobs, Joe Aguirre and Bud Tinsley, to record three of the more prominent.

On the other hand the Eskimo strength—what there was of it—came mostly from younger, American collected performers or from eastern Canadians who never had made a pretence of being professionals, in the sense that Jacobs and Aguirre are.

And therein lies the \$64 question, when it comes time (which is right now) to think about the Eskimo line-up for next season: Do those charged with the responsibility of lining up the talent continue "raiding" U.S. college ranks? Or do they reach into the National professional football league for at least one or three experienced, hardrock performers?

For one thing those T-formation Bombers must have demonstrated that the days when a team can win in the west without the "pro" are gone forever.

There are certain pertinent facts about that Eskimo team that bear repeating at this time, especially as much of the tumult and shouting already is dying down.

The gang representing Canada's oil capital showed plenty of early foot as the Western Conference schedule got underway. For the first half, the Eskimos, Earl Valiquette, Don Dunn, Morris Bailey and the rest of this second year team battled Winnipeg head-and-head for the top.

But it's also true that Eskimos won only THREE of their last 10 games, one of the victories being that whopping 24-1 conquest of Regina Roughriders in the Conference semi-final.

It would be a great mistake to go on harping on how "Riders were snuffed under The Probe" and how in how to build up to Winnipeg for the '51 grid chase.

This has been a fine season for football enthusiasts. Quite apart from any successes or failures on the field of battle, presentation of the game at Clarke Stadium was along high-class lines and the box-office proved accordingly.

Definitely the period of experimentation, following Edmonton's re-entry into bigtime Canadian football to start the 1949 season, must be considered as over.

This city is back in the grid business in a big way. All that's lacking now are the dividends that a championship team would pay.

CAPS RELEASE FOUR IN TEAM SHAKE-UP

REGINA, Nov. 13.—(BUP)—Four players who started the season with Regina Caps in the Western Canada Hockey league went job-hunting today.

Coach Ken Doran announced the release yesterday of sub goalies Harry The Probe and Earl Valiquette, Don Dunn, Morris Bailey and the rest of this second year team.

Barefoot was the regular netminder for the team last season, but the others were first-year men with the senior club.

Cameron once played with New York Rangers of the National Hockey League.

Meyer and Pirates May Part Company

PITTSBURGH, Nov. 14.—(AP)—Billy Meyer—pilot of Pittsburgh Pirates—still has a job. But it's not guaranteed to last beyond tomorrow.

Meyer, who has been the only definite information that came out of a three-hour meeting yesterday between the veteran Toronto Blue Jays manager and his new Pittsburgh executive vice-president.

The talks—which Ricketts said probably will last two more days—will determine whether Meyer will stay with the Pirates for the remainder of his contract or head general Billy Meyer will tear up his contract.

Ricketts, who came from the conference room, but he parried all questions about the situation on Billy's status with:

"No decision yet."

MUNAPOLIS, Nov. 14.—(AP)—Greyhound, tactician Bernie Bierman yesterday asked to be named as the football coaching duties at University of Minnesota, as the outstanding challenger for the job.

Crown won a war by Ray (Sugar) Robinson.

Something at Stake
NEW YORK, Nov. 14.—(AP)—Col. E. P. Regan chairman of the New York Athletic Commission said yesterday the winner of the fight between Kid Gavilan and Bill Graham will be named as the outstanding challenger for the job.

MINNEAPOLIS, Nov. 14.—(AP)—Greyhound, tactician Bernie Bierman yesterday asked to be named as the football coaching duties at University of Minnesota, as the outstanding challenger for the job.

Crown won a war by Ray (Sugar) Robinson.

Thursday Night Fight Card Stars Rudy Zadell, Dunn

Promoter Jack Berry yesterday will complete his Thursday night professional boxing card to be held in the Stock Pavilion.

Two local fighters, Stan James (149) and Tee Fillion (152) will meet in what shapes up to be a pleasing six-round special event.

Fillion, in their only previous meeting, scored a KO victory over James.

Joe Heflinger (135) of Edmonton will meet Billy Salkeid (126) of Calgary in a four-round preliminary which will start proceedings at 8:30 o'clock.

Rudy Zadell, baritone, Ohio, lightweight contender, will meet George Dunn in the main event. Zadell arrived in Edmonton at the weekend and will wind up training tonight at the gymnasium.

Zadell is scheduled to workout at 6:30 while Dunn commences at 8:00 o'clock.

Other bouts on the card will include a semi-middleweight bout of Benny Gies and Blaine Palmer (Palmer).

Former Bulletin Columnist George Bill Spring will make his first professional fight on Nov. 14, when he will meet Wynnynk in a four-rounder.

Berry announced that ladies will be accompanied by an escort.

Yesterday's article saw our opponents, the Reds, start with a rock on the front ring. I will give you my idea of playing the game from this point. We are using blue rocks.

The game opened and what with good shots and a few misses the position is as follows: The Blues, they are, are being two co-liers on opposite sides of the rock, and it is my third's last shot.

I call for a draw to the button. If I the Blues lie three and we have two shots each left. Then, really, my two shots cancel his and I can come three. He must take off my shot rock and if he stays in I strike him and stay—add the same thing happens with the last rock.

In the event of my missing my shot, which is now on the button, I might not be tempted to take a guard. This would be a mistake. I should be in a good guard, and would still be possible to cut around it and stay for shot. Then I should be in a good guard, and would still be possible to cut around it and stay for shot.

All ships should get sufficient confidence in themselves to do as they please in making their last shot count and not dodging this responsibility.

Of course it is possible for the Red ship to make a draw shot and make me play a difficult shot which I might miss, but I insist that this one style of play will pay big dividends when the chance presents itself.

These two teams play a sudden-death game for the western Canada title in Winnipeg tonight.

Larry Zeidel Plays Rough But Flyers Triumph 3-2

Flyer followers have added another name to their "hate (or love) list" after last night's rough Western Canada Hockey league game at the Gardens.

Current Public enemy No. 1 in the eyes of Flyers fans is Saskatoon defenseman Larry Zeidel.

After last night's rough-and-ready, which the Edmonton Oilers won by a 3-2 count, the fans may even forgive the "notorious" Vic Miles by Regina and Calgary's Julian Sawchuk.

Zeidel was scheduled to workout at 6:30 while Dunn commences at 8:00 o'clock.

Other bouts on the card will include a semi-middleweight bout of Benny Gies and Blaine Palmer (Palmer).

Former Bulletin Columnist George Bill Spring will make his first professional fight on Nov. 14, when he will meet Wynnynk in a four-rounder.

Berry announced that ladies will be accompanied by an escort.

Of course it is possible for the Red ship to make a draw shot and make me play a difficult shot which I might miss, but I insist that this one style of play will pay big dividends when the chance presents itself.

These two teams play a sudden-death game for the western Canada title in Winnipeg tonight.

ROYAL CLUB LOSES POPULAR SMITH DUO

Mr. and Mrs. Len Smith, longtime popular "fixtures" at the Royal Curling club, have severed relations with the west end organization, it has been learned.

For 25 seasons "The Smiths" have been a part of the Royal Club, Smith in charge of the concession stand, her husband in the role of looker.

News that they would not be at the club this winter came as a great surprise. Neither was the parting attended by as much "sweet sorrow", as might have been expected.

"We came up from Banff (their home) to work as usual," Mrs. Smith admitted yesterday.

A purely personal matter, Larry Hodgins, speaking for the Royal club, stated was behind the decision of "The Smiths" to cut their ties with the club.

Pandas, Walk-Rites Score Cage Triumphs

University of Alberta Pandas and Walk-Rites were victors in Senior Ladies Basketball league games played at Garneau gym last night.

Pandas took the measure of C.Y.O. by a 42-21 count while Walk-Rites scored a mild upset by edging Morton 29-28 in a thrilling contest.

Mural Klapp paced the Pandas, hitting the hoop for five field goals, Murry Downey and Jean McFarlane each posted eight points to aid the Green-and-Gold cause.

Dorcas Moore was high scorer for the night, scoring 14 points for C.Y.O.

Sparked by the brilliant play of little Jean Kiddell, Walk-Rites came from behind to score their triumph. Kiddell was top scorer with 13 points.

Denise Callaway and Vera Hove were best sharpshooters for the losers, with nine and eight points respectively.

Full Tilt Looms For War Output

Shipyards, Munitions Plants
Ready for Full Production

VICTORIA, B.C., Nov. 14.—(BUP)—Canada's war manufacturing machinery will be followed quickly by expansion to near full production.

Defence Minister Brooke Claxton said the label for the first anti-submarine vessel under recent new contracts would be laid at Canadian Vickers in Montreal on Nov. 24.

Machinery idle since 1946, would be put in shape at Sorel, Que., for manufacture of the U.S. three-inch 50-calibre, quickfiring gun.

The gun, Mr. Claxton said, would be used for the new Canadian ships and also on recommissioned U.S. and Canadian warships.

MAJOR STEP
Mr. Claxton hailed the gun manufacturing as a "major step in standardization of arms."

The defence minister arrived in Victoria yesterday on a four-day tour of Pacific Coast defence installations.

At a press conference he said, "The real hope of deterring aggression is to build armed force in co-operation with other North Atlantic Pact nations."

The minister reviewed some of the \$35,000,000 defence contracts awarded to date. He said \$275,000,000 had been placed in aircraft, mostly F-46s and CF 100s; and \$60,000,000 in new ships, electronic research and wireless equipment.

On both coasts
Mr. Claxton said the new armed forces would be placed at the disposal of units on both Canadian coasts.

He disclosed that it was hoped to place an RCAF reserve unit at Victoria in 1951.

Mr. Claxton predicted that something more definite regarding the return of the Canadian destroyers in Korean waters would be released in an Ottawa statement two weeks hence.

Questioned as to the Canadian Legion brief on compulsory training and national registration, Mr. Claxton declined comment and indicated it would be more proper for Prime Minister St. Laurent to comment on the brief.

Majority Grows For Guzman
GUATEMALA, Nov. 14.—(AP)—Incomplete returns yesterday further increased the overwhelming majority of La-Col. Jacobo Arbenz Guzman in Guatemala's three-day presidential elections which closed Sunday.

Unofficial returns gave Arbenz 26,257 to 67,198 for Gen. Miguel Ydigoras Fuentes, and 27,500 for Jorge Garcia Granados, former ambassador to Washington.

LOCAL BOY GIVEN JOB

BARHEAD, Nov. 14.—At a meeting of Barhead Sports Association held Thursday, Bobby Pickrell was awarded the post of caretaker and ice maker of the local rink this winter.

Due to the fact that Westlock rink burned down, chances of a league this winter look slim unless Westlock sports erect some kind of ice palace. However, exhibition games will be staged and all ages will be formed into teams giving the youth of the district ample opportunity to get rid of the excess pep.

Money-Minders Strike In U.S.

KANSAS CITY, Nov. 14.—(AP)—Employees of Brinks Incorporated, an armored-car service, went on strike for a wage increase here yesterday.

As a result merchants and banks were forced to call upon police to accompany the movement of money through Kansas City's streets. Six machine-gun squads were on duty.

Troops Said Ill-Clad For Bitter Korea Cold

By Don Whitehead

ON THE CHONGCHON RIVER FRONT, Korea, Nov. 14.—(AP)—A bitterly-cold winter is closing in on the United Nations army in North Korea and the troops are not fully equipped for it.

There is no snow on the mountains and the temperature at night is falling well below freezing, but many troops still wear cotton pajamas over long underwear.

Some U.S. Army supply men said cold-weather equipment in Korea was being distributed to front-line units. Yet along the roads and windows, fields there are more men in thin cotton garments than in woolens.

SOLDIERS' NEEDS

- One officer said each soldier should have:
- A pair of shoes with thick felt lining and at least two pairs of woolen socks.
- Long woolen underwear.
- Woolen trousers and shirts and sweater.
- Windbreaker trousers slipped over the woolen trousers.
- A padded lining to wear under a cotton combat packer.
- Woolen gloves or mittens and a warm cap with ear flaps.

"The equipment may have been distributed to some units but I have yet to see a soldier with any of it."

In January the temperature averages about six degrees Fahrenheit below zero. This means still colder weather at times and danger of frozen hands, feet and faces.

The troops now are chopping down trees and ripping timber from destroyed buildings for firewood to keep themselves warm. Cotton uniforms of course cannot even have the comfort of campfires, and they displace troops positions.

Unitarian Group Director Plans Visit to City

Mrs. Tetta Hiltzmanova, executive director of Unitarian Service Committee of Canada, will visit Edmonton next week while on a speaking tour of Western Canada.

Mrs. Hiltzmanova will be in the city on Nov. 17 and 18, between meetings at Red Deer, Vegreville and Saskatoon. Her western tour will last seven weeks.

A newspaperwoman in Czechoslovakia and France when World War II broke out, Mrs. Hiltzmanova was appointed to her present post in 1945.

She has been awarded medals by the French and Greek Red Cross for outstanding service in aid of war victims.

"Vampire 555... clear to land"

"555... Roger"

The R.C.A.F. has a code language all its own

—brief, concise for quick, clear understanding.

"Vampire 555... Clear to Land" (Control to pilot) "555... Roger" (Pilot to control tower)

In those few words, a clear-eyed young Canadian pilot in a stream-lined Canadian jet knows that the field is clear—that it is time for him to "come in"—and confirms instructions. Perhaps YOU, as another alert young Canadian want to "come in" too.

The R.C.A.F. has immediate need of young men to train as

PILOTS • RADIO OFFICERS • NAVIGATION OFFICERS

If you are between the ages of 18 and 24, physically fit and can meet the educational requirements, there is an immediate opening that will give you valuable training in the modern field of aviation, and an opportunity to serve your country in a vital arm of its defence.

ABOARD THE ESKIMO SPECIAL, GOING WEST INSTEAD OF EAST—

The Bombers came down like a wolf on the fold
And their plucking was deadly through our Green and Gold.
Old Jacobs was passing with consummate skill
In the Eskimo pluck we all had a chill.

Like the leaves of the forest when summer is green,
Our hopes at the outset were initially keen.
Like the leaves of the forest when autumn has flown,
Our hopes at the finish lay withered and strewn.

For the Goddess of Love turned her back on our clan
And breathed down the napes of our necks as she ran.
Hopes for a triumph once high on a hill
Dropped down in the valley and till next year grew still.

Half time score was 20-0 for Bombers.

Edmonton Doug Craig is willing to be quoted as saying at that juncture "How horrible can this thing get."

Vice-president Henry Singer salvaged this from the wreck: "Winnipeg couldn't get enough rooters together to fill a street car let alone a special train."

Rooters Get the Razz

Chuck Henderson came in handy on the trip. He provided more than a match for several Winnipeg fans, who tried to give us loyal Eskimo rooters the razzberry in that final quarter. Here is what Chuck told these smart Ales of Winnipeg. You guys are too cheap to send him a dozen fans with your team. The team management flooded Edmonton with tears when they thought they might have to stay overnight in Edmonton after the last game up there. The EVB had to hold the train for you."

Mayor Harry Brox of Spruce Grove just came up with this gem: "The nicest thing about our stay in Winnipeg was leaving Winnipeg."

Don't be ashamed of our Edmonton Eskimos, fellows. The score in that second game doesn't tell the whole story. The Eskis went down before a better team in a great blaze of fighting glory. Some of the most thrilling football of the season was played by the Eskis in that second half. They just kept getting under way in the first half.

It is reliably reported that the Bomber club cost the management close to \$100,000. A lot of the Eskimos, especially the boosters, are thinking the same thing after the lousy seats they gave us at three dollars a throw.

A good goodnight to all and especially to the thousands of people who made Edmonton the greatest football town in the west this season.

Request for Action On New City Hall Is Tabled

Go ahead signal on preparing plans for a new City Hall was sought from city council last night by city commissioners and Town Planner Noel Dant.

But they didn't get it—on grounds that Mr. Dant's comprehensive report on the "desire to build" was placed in a separate folder to be considered by the city council at a later date.

Next meeting
Council tabled the report until its next meeting Nov. 27, when members will have had time to examine the town planner's comments.

Present civic block at 98 street and 102 avenue is inefficient and "far from being a credit to the city," said Mr. Dant. Departmental superintendents are becoming exasperated with the lack of office space to efficiently handle "greatly expanded duties and volume of work."

Civic employees lack all amenities currently found in similar government buildings, including parking, large business organizations, banks and similar concerns.

PUBLIC'S REACTION
The existing building is not designed to "promote a satisfactory psychological reaction in minds of the public who have dealings inside it," according to Mr. Dant.

He presented a detailed analysis of departmental needs, including his own town planning department.

Mr. Dant reminded council the Government Centre area north of Legislative Building "has an adequate area within it to meet the needs of the City Hall, when such becomes necessary and feasible."

Council Bogs
Down On Lane Closing

City council last night boggled down on a plan to attempt to implement a long-standing request for closing the lane between the city hall and the city hall.

Under a 1952 agreement between HBC and city, the city agreed upon "recognition of the lane" to close the present area and open a new one on Clark to be made available by the city.

But Ald. Ed Clarke pointed out that proposed new route would run right through the Tremblay-Bay.

Aldermen Duncan Jones and William Havelock were opposed to having the lane between 102 and 103 streets, now a lot of city with some high end and west of it.

Bumper 1950 Load for Santa

TOY STATISTICS don't interest Wayne Adams, two, of 11726-90 street, whose main concern is realistic looking. But toy makers report more than 2,500,000 metal toys, 3,000,000 dolls, 3,000,000 games and "other" toys will brighten young Canada's Christmas.

DOCTOR IN TOY HOUSE is Terry Robertson, four and a half, of 9844-150 street. Terry interrupted an eye-flicking tour of toyland to tell teddy bear for aproned stuffing. Price of stuffed plush bear and doctor's outfit are trifle higher this year, but quality is better.

New Toys Here to Gladden Hearts of Boys From 6 to 60

By BARNEY MCKINLEY

The world's toy-makers have obviously been having their busiest year since the war—and the result is an overflow of toys on the shelves of Edmonton stores.

With Santa Claus cracking the reindeer whip, his elves, dressed this year in business suits or overalls, have come up with the most plentiful and the best quality toys in a couple of decades.

Prices are a little higher than other years, but that's the only sour note in the Christmas symphony.

The English toy-maker had a big year, according to local toy merchants, and Germany, Japan and Sweden have also contributed their share to make Canadian youngsters' happy Christmas morning.

CANADIAN TOYMAKERS

But the Canadian manufacturer has done a good job too. His quota of the toy market in this country will amount to about 140,000 articles this year, figures from Canadian Playthings Manufacturers' Inc. show.

One of the biggest items of Canadian manufacture is the plastic toy which is meeting the challenge of increased production of metal playthings without creating a hinge seller.

At the plastic line Santa Claus had everything from motor boats, tractors, through fire engines to a plastic Santa Claus Jack-in-the-box which popped up out of a plastic chimney.

There were plastic violin, piano and maracas the salesmen had a lot of fun here and a whole lot of plastic wind-up cars.

ATOMIC TOYS

Atomic weapons were not much in evidence because of embargo that still applies on U.S. goods, but there's a big lot of fun here and a whole lot of plastic wind-up cars.

Examples were smoke pistol that gives puff of silvery talcum powder when trigger is pulled and the English-made paper gun which gives off ordinary paper fire.

The salesman in one store was handing out a big tin of Canadian Canadian plastic ball with a puzzle inside.

The English had some dolls to sell to perform at parties and one was a walking doll which also turns its head and rolls its eyes while out for a stroll.

LIFESIZE DOGS

A lifelike sitting dog, big enough to serve a burger, was featured item in one local store.

Stuffed animals came complete with squeakers and barks and in one case with a music box.

But here's some bad news for fathers throughout the land. Electric trains are still in short supply. Most of U.S. manufacture, they've been shut into a siding by the embargo.

Edmonton Butchers and Packers Supplies

Butcher Boxes... Show Cases... Refrigerators... Slicers... Everything for the Butcher... 1075 Jasper Ave., EDMONTON.

MARKET SQUARE TO SPROUT METERS SOON

Market square will soon sprout a full crop of hourly parking meters, complete with electric plug-ins.

Commissioner John Hodgson told city council last night the meters have been ordered, providing one to five hour parking.

Similar provision will be made on the seven lots west of the Recreation Commission building as "fast as possible," he added.

Additional off-street parking is also being provided for all-night use on property east of the lane east of 96 street, at 104 avenue.

Infanticide Charge Laid Against Unwed Mother

An 18-year-old unwed mother of the Smoky Lake district was committed for Supreme Court trial on a charge of infanticide following a preliminary trial Friday.

The charge against Mary Bochar was that on Oct. 28, she "caused the death of her newborn child."

She appeared before R. Norman, Justice of the peace, at Smoky Lake Nov. 6 and was remanded.

On a farm 11 miles north of Smoky Lake, the infanticide is alleged to have taken place at Mary Bochar's home Oct. 28.

W. J. Mac, at the preliminary hearing, said the 18-year-old mother of the Smoky Lake Hospital; Dr. D. O. Waugh; Corporal M. P. Cumming; RCMP; Joe Bochar; a 41 Nancy Bochar.

Constable M. J. Umpherville of the RCMP laid the charge against the mother, Joseph and Anastasia Bochar.

Edmonton Dentists Take Special Course by Phone

Fifty members of Edmonton and District Dental Society took a "special course in dentistry" last night by telephone from the University of Illinois College of Dentistry.

They heard a two-hour discussion by five experts on the use of X-ray in modern dentistry in their first participation in the special series.

Last night's "homework" was first of five such monthly programs described as "a new concept in dentistry designed to benefit dentists located at a distance from research centers."

Still to be heard before the series winds up next March are lectures on treatment of tissues of the mouth, new dental materials, preventative dentistry and diseases of the mouth.

An unexpected feature of last night's program was a 15-minute lecture on civilian preparedness in the event of atomic bombing of North American cities.

It was announced the subject will be treated similarly in the remaining telephone series, with special emphasis on the role of dentists under emergency conditions.

They were told yesterday that dentists could perform "emergency service as dentists' assistants" given a short training course in handling anaesthetics, plasma and blood transfusions.

Office Space For Rent
450 square feet of second floor office space available on West 4th Avenue. This accommodation is very centrally located and well suited for use as dental or medical office. Will rent on a long term basis. For further particulars apply to:
NATIONAL TRUST Co. Limited
1015 Jasper Ave., EDMONTON.

1891 Ad Leads In HBC Contest

Nowadays they call them start-line announcements.

But back at the turn of the century news of an extensive to a firm's business was referred to as a "special infomation."

Like the new china and glassware department the Hudson's Bay Company was establishing back in 1891 and advertising in the Bulletin.

The old ad reached the Bay's advertising department yesterday as an entry in the current contest jointly sponsored by the company and the Bulletin.

The prize which goes to the Bulletin reader sending in the oldest HBC advertisement from the paper's back issues is a pair of four-point HBC blankets—value \$12.

The contest closes on Nov. 21. So far that 1891 entry is leading the field but there "could be even older ads tucked away in someone's attic."

But remember, the HBC's Edmonton retail store didn't open until 1890. As old as that date refers to the far trading post and aren't eligible in the present contest.

Crisis of UN Talk Subject

Herbert A. Mowat, member of the national executive of the United Nations Society in Canada, will address the Edmonton branch of the association at a public meeting in the Masonic Temple here at 8 p.m. tomorrow.

Also approved by City Assessor John Macdonald's plan for a system of making tax payments. It would use disbursement, non-interest bearing promissory certificates.

Evening of Friday, Dec. 25, is now an when city stores may remain open for late Christmas shoppers, council decided.

Council also agreed to intensify

Policy On City Centre Is Sought

Ald. Clarke to Ask For Special Committee

Ald. Ed Clarke last night took first step toward having city council decide future policy on the Civic Centre.

Ald. Clarke said he would like to see the city council decide future policy on the Civic Centre.

Consideration of a special committee to study all matters pertaining to future use, development and disposition of lands belonging to the city, commonly known as the Civic Centre, and to report to council will be a recommendation of the committee.

Alternatives Sought
Provided he finds a sponsor and a firm's business was referred to as a "special infomation."

SHOPPING GUIDE

Christmas Ties Taper From 'Loud' to 'Mild'

By Bea Thrift

Today's women will cry loud hurrahs for the news that "loud" ties, those blazing emblems of men's victory over the dullness of modern dress, may be on the way out. Wires from London, New York, Paris have been burning with this latest gem of masculine fashion... in a lukewarm sort of way.

The flamboyant ties have added enough to the costume of Mr. Average Man... but now in the pre-buying spurge, manufacturers announce a "falling-off" in sales of wildly patterned cravats.

So have a care, ye men... up-to-the-minute man-styles demand plain foulards, small geometric prints or paisley designs for friend husband... if he really cares.

Speaking of husbands in such brings to mind menus, shopping, food... and how much the dear men love a tasty bit of food.

Canada-wide hucksters of the lordly ham are whooping it up in an advertising way this chilly November week. One local store features a major display of meats, tinned and fresh, and related products from shortening through the mill to cleaning powder.

And in same display of goodies appears a new tin of tinned shortening at \$1.15 per three-pound tin. Embossed type shortening was "round and about in tins before the recent fracas called the Second World War... but this is the first re-appearance.

Naturally this tin shortening retains fine flavor easier and longer than packaged shortening.

Last minute overseas parcel packers are happy as fat little clams to find whole hams and sealed for shipment. A crisp ten dollar bill will do pretty well in this league.

Tinned bacon at \$6.75 and neighboring prices per large-size tin... is another favorite for the folks across the seas.

Tinned butter at 75c per pound... and of course the tinned shortening at \$1.15 for three pounds fit beautifully into the scheme of parcel-planing.

With party time peeping around the tattered corner of the calendar... 'tis ideas for succulent snacks that please Mildly Housemaker.

And here's an olive surprise affair involving liver sausage... and a host of other things.

Mash 1/2 pound liver sausage and add 1/2 teaspoon Worcestershire sauce. Roll olives, individually, in this mixture until they're completely covered. (Best weapon is your hands).

Now chill for a few minutes and serve at once on picks or in tiny paper bon bon or mayonnaise cups... incidentally there's enough of the liver sausage to take care of 25 olives.

Sounds mighty tasty what!

YOUR BABY AND MINE

Is It Wrong to Push The Superior Child

By Myrtle Meyer Eldred

Mother of the 16-month-old, roller-skating child whose development was written about in this column not so long ago, comes in for some criticism from another mother, who deplores her methods.

"Isn't it true that often times these precocious children outgrow their precocity and become average after a few years? When this happens people still look back and expect them to be brilliant. Because of this they may suffer extreme complexes."

"This has been true in my sister's life. She was a musical prodigy at three years. All her life she had music pushed at her. When she wanted to play dolls she had to show off or to perfection."

"At 18 she ran away and got married to escape this and the marriage ended in divorce. Now, she is happily married, and has two average children."

WHY GROW OLD

You'll Be Attractive But Keep Some Curves

By Josephine Lowman

Haunting might be fun!

ACTRESS Betty Hutton is correctly proportioned for her build. That doesn't mean your measurements should be the same.

Most women procrastinate about losing weight but there are one who take it to the other extreme. Actually, an emaciated, paper-thin figure is not attractive, except in a ghost, and who wants to be a ghost? Although haunting might be fun!

A good figure requires curves, not straight up and down contour. Yet many women who have nice measurements still strive to lose in order to match the proportions of the stars... glamour girls. This is impossible because women, because of their body structure, if you are built with "old hands" you cannot achieve a 36-inch waistline.

So take your build into consideration and remember that this is a day when veneer, vitality, sparkle and fine health are considered "tops" on the beauty list and "no" to the lineal until... no look and stick-like.

Sunset Division Names New Officers

State of Officers of Sunset Division, No. 32 Ladies Auxiliary to the Order of Railway Conductors of America has been elected.

Election took place at a meeting of the lodge held in the 1000 hall Wednesday.

DOROTHY DIX SAYS

Wife More Likely To Be Family Dictator

DEAR MISS DIX: Which do you think is the most likely to give the orders in the home, the husband or the wife? Which are more tyrannical, men or women?

GIRL AND BOY.

ANSWER: The generally accepted theory is that the man is the head of the house and that the wife meekly gives in to his wishes and obeys him. But so far as my observation goes in America, at least, it is the wife who rules the roost, and it is the husband who has mighty little to say in the house he supports.

MAN GIVES UP CHURCH

When either party gives up his or her church for the sake of harmony, it is nearly always the husband who does. And, as a general thing, it is the wife's family who camp in the spare room and the wife's people who are helped in times of need instead of the husband's.

A hundred times more men support their wives' parents than their own. It is a common thing to see a wife change all her husband's habits and tastes, but it is a rare thing for a woman to adopt her husband's even when she knows this to be more intelligent than she is.

Church Bazaar To Be Held Thursday

New residents of Bonnie, on will receive a special welcome at St. Luke's Church bazaar and tea on Thursday.

Officially opened by Canon A. Walls affair will take place in parlour hall from 3 to 5:30 p.m.

Mrs. Walls and Mrs. C. E. Bunsford will receive.

Mrs. B. Gale is tea convener, assisted by Mrs. A. Walters and Mrs. E. Jones.

Invited to pour are Mrs. C. E. F. Wolf, Mrs. C. O'Leary and Mrs. W. E. Harrison.

Servers are Mrs. B. Caston, Mrs. W. L. Lohr, Mrs. A. E. Evanson, Mrs. A. Lee, Mrs. T. Redmond, Mrs. G. Burkham and Mrs. G. Whitting.

In charge of home cooking are Mrs. T. L. Davis, Mrs. L. Blower and Mrs. A. Gill.

Fancy work, Mrs. F. Cole, Mrs. J. Hogg, Mrs. W. J. Campbell and Mrs. J. Neal. Mrs. T. K. Cornforth and Mrs. B. Johnson are in charge of fish pond.

Shell Craft Classes To Be on Thursdays

Shell craft will prove an interesting hobby for those who attend classes at the Recreation Building this winter.

Classes are held every Thursday from 5 to 10 p.m. Two instructors, Mrs. A. E. Saunders and Mrs. J. Wilson, will be present to help students with their projects.

The classes are sponsored by the Recreation Commission and are free to anyone wishing to attend. There is still room for a few more students. They may register by phoning 2484 or writing the Recreation Commission at 1030-100 Street.

Wednesday Bazaar Planned by Erskine

Fruits of their labors will be reap of Wednesday when Erskine United church holds their bazaar.

Sale of work will be held in the church hall from 2:30 to 5 p.m. Official opening will be made by Mrs. H. Collier. Mrs. S. Dewar will receive guests.

Mrs. C. Maggart is in charge of arrangements for the tea, which Members of the circles will sell at the various stalls.

Elizabeth Glover Widely Entertained

Caught in the whirl of pre-wedding entertainment is Miss Elizabeth Glover, whose marriage takes place this month.

Mrs. J. S. Grant was hostess to 15 guests at a china shower, recently. For the occasion a novel table decoration was used. It was a sterling silver and ruby glass dish centred with a miniature bride and groom.

Fellow employees met at a home of Mrs. C. Swale to hold a personal shower.

One evening Mrs. George Bilette Jr. was hostess at a miscellaneous shower. Twelve guests presented Miss Glover with gifts.

The home of Mrs. Cyril Stone was decorated with pink carnations to three shades another evening. Mrs. J. MacClellan was co-hostess with Mrs. Stone. Twenty-five guests presented the bride-elect with wedding household items.

Mrs. O. K. Dear and her daughter, Miss Maxine Dear entertained in Miss Glover's home recently. The living room was decorated with pink bells and pink and white streamers. There were 22 guests present.

Press Club Ball Tonight

Taste delights of Chinese culinary art were introduced to Dawson City soursoups John Dines, Alex Adams, Andrew Baird, Dave Ballentine at a dinner party this week. They were guests of Canadian Women's Press Club associate member Mrs. Arthur Macdonald.

Quartet of obitarians are guests of the press club this week. They arrived Saturday by CPA and have enjoyed a whirl of parties, dinners, tours.

Tonight they will be guest stars at the press club "Klondike Ball" at the Trocadero ballroom.

Les Amies Opens 29th Season

With record membership of 150 couples the Les Amies Dance Club will open its twenty-ninth consecutive season next week.

Owing to lack of accommodation, club executive have found it necessary to turn down other applications.

STALLS will be filled with fine handiwork and home-making when St. Alphonsus subdivision of the CWL holds their bazaar.

The bazaar will be held in the church basement at 118 avenue and 83 street Wednesday.

Guests will be welcomed from 3 to 10 p.m.

MANY WEEKS have been spent in the preparation of articles for the bazaar sponsored by the Alumni Association of Edmonton General hospital.

Guests will be received in the nurses lounge Wednesday from 3 to 8 p.m.

Membership Tea Saturday at Gym

Plans are now complete for the YMCA Membership Tea. The affair takes place in the "Y" gymnasium Saturday afternoon.

Door hostesses will be Mrs. J. McGuire, Mrs. W. C. MacGillivray, Mrs. B. Wainart, Mrs. A. Potter, Miss Cormack and Miss Kay.

Mrs. G. W. Chambers, Mrs. W. A. Miller and Mrs. J. Perry Jagers are in charge of the membership table.

Those invited to preside at the tea are Mrs. Edgar J. Bailey, Mrs. Grant Sparling, Mrs. G. Harrison Villet, Mrs. John Keimann, Mrs. P. B. Garbours, Mrs. Gerald Rogers, Mrs. A. Chruslawka and Mrs. J. L. Stephens.

During the afternoon a junior class of the YMCA will give two performances of dancing and tumbling.

Proceeds from the tea go to the World Service Fund of the YMCA. The fund has been established to help associations in other countries build, strengthen and develop.

Shriners' Group Plan Rummage Sale

Long forgotten treasures will be brought to light soon when Edmonton Ladies' Auxiliary to Shriners Crippled Children's hospital hold their annual rummage sale.

Sale will take place at 1009^{1/2} hall 103 street Nov. 21 at 9:30 a.m. ultra. C. Adams is convener.

All donations may be handed in between 6:30 and 8 p.m. Nov. 20 at the hall.

Plans Card Party

Card party plans are underway with the Haidreusens' Association. Affair will take place at Social Credit hall Tuesday at 8 p.m. Miss Irene Hall is convener.

Vacuum Both Sides of Rugs

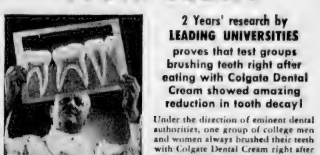

Once or twice a year it is advisable to give rugs and rug cushion a thorough cleaning.

First, go over rug and cushion, both sides, with vacuum cleaner. Use suction attachment for rug cushion. Run the machine slowly to clean thoroughly.

Roll up rug and cushion and give floor underneath a good cleaning before replacing them.

After rug has been replaced, run vacuum over entire pile surface to remove dirt which may still cling to the tufts.

Now! Proof that BRUSHING TEETH RIGHT AFTER EATING WITH COLGATE DENTAL CREAM HELPS PREVENT TOOTH DECAY!

2 Years' research by LEADING UNIVERSITIES proves that test groups brushing teeth right after eating with Colgate Dental Cream showed amazing reduction in tooth decay!

Under the direction of eminent dental authorities, one group of college men and women always brushed their teeth with Colgate Dental Cream right after eating. While another group followed their usual dental care. The average of the group using Colgate's was a decided, and using Colgate's exclusively, was a startling reduction in the number of new cavities—over 100 per cent. The other group developed new cavities at a much higher rate.

FURTHER PROOF FROM SCHOOL CHILDREN

Leading Canadian dentists examined and directed over 8,000 school children in corrective dental habits. In addition to diet changes when required, the children were asked to brush their teeth after each meal.

The results? 16% fewer children with tooth decay! ... Cavities dropped from an average of 5 per child to just over 3! ... 55% more children received dental care that prevented either loss of teeth or serious dental troubles later in life! ... The number of children with no decay increased by 300%!

HELPS YOUR BREATH AS IT CLEANS YOUR TEETH!

Scientific tests prove that in 7 out of 10 cases, Colgate's instantly stops bad breath that originates in the mouth. Colgate's active penetrating foam gets into hidden crevices between teeth—helps clean out decaying food particles—stops stagnant saliva odors—removes the cause of mouth breath!

ALWAYS USE COLGATE DENTAL CREAM

Bruce Robinson Opens Big Plant

Now Rates One of West's
Best Electric Supply Plants

Bruce Robinson Electric Ltd., largest independent distributors of electrical equipment in Edmonton, have opened a modern showroom and repair plant in the former Crane Limited building, 109 street and Jasper avenue.

Sole Edmonton Distributors for:
• Frigidaire products, this firm now boasts one of the finest buildings in Western Canada designed to supply and repair all types of electrical equipment.
The building is 150 feet by 110 feet, and contains 22,000 square feet of floor space.
Included are one of the most ultra-modern showrooms in the city, with 1,000 square feet of space facing Jasper avenue and 100 street; a large room of 2,000 square feet; and a basement general repair shop of 4,000 square feet.

SHOWROOM
The showroom is a masterpiece, reflecting the latest in interior decorating art.
The walls are in dark pink and white plaster finish, the floors in square blocks of asphalt tile, shaded brown, grey and green, and the ceiling is made of grey Fiberglas squares. The buildings main entrance leads into the showroom. There are eight large windows in the room, with Venetian blinds of green shade.

Big feature of the showroom are the module units of fluorescent lights, placed in zigzag patterns across the ceiling.

NEW TO EDMONTON
These are the most modern fluorescent lights available today. They are practically new to Edmonton. The light units have detachable side panels which allow the units to be placed side by side in any direction.

The firm's main office is on the ground floor, adjacent to the showroom. It is also lighted by module units, and has the same interior design except for walls of panelled green.

Bruce Robinson Electric Ltd. not only supplies electrical equipment, it also manufactures many of the installations, including refrigeration units, air conditioning units and compressors and coils.

FOR NEW WORK
Most of the manufacturing has been done in the past at the company's headquarters in Calgary. But opening of the new plant here, with its complete machine shop, will open the way for this work in Edmonton.
The general repair shop is under the direction of Frank Curtis. It contains a motor rewinding depart-

Phone Ducts Downtown Are Installed

One of Edmonton's busiest streets won't be dug up again for the next 25 years—at least not by the city telephone department.

Workers are now digging a narrow ditch from the central telephone exchange at 109 street and 100 avenue, along 100 street to the top of McDougall hill. They will lay new ducts to carry 20,000 telephone lines to the hilltop, from where 25," said a spokesman.

Calgary Reunion
Members of the 31st Battalion C.E.F. have been invited to attend their 31st Annual Reunion Dinner to be held at the Palliser Hotel in Calgary at 6:30 p.m. Nov. 18.

Rosedale Meeting
A meeting of the Rosedale Community League will be held tonight at 8 o'clock at All Saints Mission Hall, 97 Ave. and 100A Street.

They will disperse east, west and south.
"It's the first time we've dug up that part of 100 street for 25 years, and the new ducts should be adequate for expansion over the next 25," said a spokesman.

Biggest Seal Catch

OSLO, Norway, Nov. 14.—(Reuters)—Norwegian seal hunters have caught 25,000 seals, worth more than \$1,000,000 this year—the biggest catch ever brought to Norway.

Trawler Home

HULL, England, Nov. 14.—(Reuters)—The British trawler Hugh Walpole arrived Saturday after being held by Russian authorities and fined for fishing in closed waters.

Destroyers Return

HAMILTON, Bermuda, Nov. 14.—(Reuters)—The United States destroyers Brewster and Badger, which collided last Wednesday 400 miles off Wilmington, N.C., killing four men and injuring three others, reached the United States naval station here Saturday.

Congratulations to:

BRUCE ROBINSON ELECTRIC LIMITED from UNIVERSAL MOTOR COMPANY

NOW IN NEW, LARGER MORE COMPLETE QUARTERS

Jasper Ave. and 109 St., Edmonton
Telephone 21148

Now... with the opening of this new modern sales and service office there is more reason than ever to make Bruce Robinson headquarters for your electrical needs.
Capably staffed and with the most complete facilities here you will find the Universal Electric Generating Set you require. Whether for industrial, commercial or farm home... for constant, or standby emergency service... there is the right size and type in the broad Universal line.

Gasoline and Diesel Electric Plants

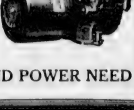

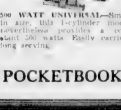

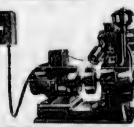

Built to the highest standards of precision and quality, these electric generating sets are preferred by critical users for their exceptional dependability and operating economy. The Universal line includes both gasoline and diesel-powered models from 250 watts to 35 H.P., both AC and DC. They are air-cooled and water-cooled, hand-carried, portable, trailer and skid-mounted models. All types with controls—manual to full automatic.

See Bruce Robinson for full information and prices on Universal Electric Generating sets—a product of the Universal Motor Company, Oshkosh, Wisconsin, a pioneer builder since 1908.

THERE IS A UNIVERSAL FOR EVERY POCKETBOOK AND POWER NEED

100 WATT UNIVERSAL—A favorite of farmers and for standby service. Powered by economical 1-cylinder, air-cooled engine. Shown with fully automatic controls.

The Best...

FARM—INDUSTRIAL—CONSTRUCTION

"POWER BUY"

**WISCONSIN
HEAVY-DUTY
Air-Cooled
ENGINES**

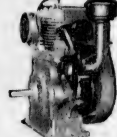

Whether the Wisconsin Heavy-Duty Air-Cooled Engine you need to do a real job is a single, weighing 76 pounds, or is the largest four, weighing 410 pounds—you are buying the most rugged, compact, all-purpose gasoline engine in the 2 to 30 hp. field.

For operating farm implements, industrial equipment and construction machines or any other kind of power-driven machinery, Wisconsin Air-Cooled Horsepower has the stamina that can take it, day-in, day-out, on the toughest jobs. These compact power packages—made by the world's largest builders of air-cooled engines—give you thoroughly dependable, trouble-free, full-load power service within their hp. range, regardless of climate or season. There is nothing to freeze up in winter; no radiators to spring leaks or clog; there is no danger of over-heating, even in the hottest weather... and they start easily in any weather.

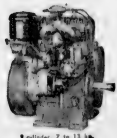

If you are in the market for an engine... see your local dealer first and last! The Wisconsin line of Heavy-Duty Air-Cooled Engines includes a complete range of types and sizes, 4-cylinder 1, 2, and 4-cylinder, from 2 to 30 hp.

Single-cylinder, 4-cyl. 2 to 3 hp.

* **ELECTRICITY**
worth to
YOU?

Time saved—expenses saved—labor saved—all have dollar value. Total up how much electrical servants are worth in the home, in the shop, in the barn.

You Can Start Today To Have Your Own Modern Electric System With WINCHARGER

The smooth, quiet, efficient operation of your Wincharger makes possible NOW things you only dreamed of before. Say "goodbye" to those water-carrying pump-jumping days, with a motor driven electric pump powered by your Wincharger. Enjoy having lights in the barn and in the home—yours at the flip of a switch. Have power to run a washing machine—cream separator—milk machine—grinder.

Yes, with a new Wincharger system, you've got POWER to burn—power from the free wind. Costs so little estimated on a monthly basis you would hardly believe it possible. Remember, if power lines come in to your territory in the future your Wincharger is always there to help you during crucial periods.

Write or call us for a free copy of "Questions and Answers About Electricity on the Farm."

CALGARY EDMONTON

THOUSANDS OF NUTS, bolts, washers and other small mechanical items are carefully stored and indexed in the parts department of Bruce Robinson Electric Limited, 109th Street, in charge of this section, returns a box of parts to its stock. A repair shop is only as good as its parts department, and large stocks of each article are stored here to supply the firm's repairmen.

EXPERT MOTOR RE-WINDING work is done in this section of the new plant. The company checks all refrigeration and air-conditioning motor units before shipping same to its many dealers in Northern Alberta. Two repair men shown here are Ken Carr (left) and Gordon Smith (right). A customer looks on in the background.

ELECTRICAL SUPPLY counter at Bruce Robinson Electric Limited is one of the busy hubs in the firm's new plant at Jasper avenue and 109th street. This department deals mainly with building contractors. Shown handling orders here are (left to right, behind counter): Don Carmichael, Tom Macdonell, Roy Erickson and Eddie Clemens.

Man Taken In Yukon Sentenced to 9 Months

A man who confessed to RCMP in Mayo, Yukon, to four shopbreakings in six days here last June, yesterday was sentenced to nine months concurrent on each charge by Magistrate S. G. Main in police court.

The man, Arthur L. Brink, 32, no fixed address, volunteered the information on the breakings to police following his sentence to 30 days in jail on a charge of vagrancy at Mayo last August.

The four breakings took place between June 6 and June 12. He pleaded guilty to all charges.

On June 4, he broke into Larsen Brothers and stole two radios, he got two flashlights and a plane

Jets for Orient

LONDON, Nov. 14—(AP)—British air shipping is being speeded up by the use of the new four-engine Vickers-Jet fighters.

An air ministry announcement today said the fighters are being flown from 5,000 miles to Singapore, the longest jet aircraft delivery project yet undertaken.

sentenced to nine months on each of three charges of false pretences in court yesterday. He pleaded guilty to each charge. Each sentence will run concurrently.

The court was told Pawluk had bought a car from a city auto dealer. As down payment, he traded in another car on which there was still money owing. He then sold the second car to a Spruce Grove farmer needing another car and \$375 cash.

WELL-BEHAVED?

If He Carried Load, Must Have Been Heavy

ST. LOUIS, Mo., Nov. 14 — (UP)—Stanley B. Gallati, landlord always known him as a "very nice, quiet, well-behaved guy."

But yesterday, Gallati: 1. Refused to pay his check in a restaurant and quarreled with the waitress.

2. Backed his truck into a policeman who came to question him. 3. Led six squad cars in an 80-mile-an-hour chase. 4. Sideswiped five parked cars. 5. Backed into a police cruiser.

6. Fought a pitched battle with a dozen officers in the tiny bathroom of his apartment.

7. Broke the noses of five officers in the fight. 8. Had his own nose broken. At St. Louis county hospital, attendants told police that Gallati, a 200-pound gas appliance serviceman, was "very intoxicated."

Venezuela is opening city hotels where farmers may spend the night after going to town to sell produce.

Warehouse Tenders Let

Stock and storage building and an oil building for the provincial government at Donna shops will be erected by the Bird Construction Company of Edmonton.

Hon. D. B. MacMillan, minister of public works, announced today that the company's bid of \$153,235 for the construction work was accepted. The buildings will house highway maintenance equipment owned and operated by the department.

Mr. MacMillan also announced that the tender of Burns and Dutton Concrete and Construction Company of Calgary had been accepted for construction of a paint shop and iron storage shed at Manchester.

Livestock Show Set March 26-29

March 26-29 has been set for the Exhibition Association's Spring Livestock Show, expected to be the biggest in Association history.

Fred N. Miller, Exhibition Association Agricultural Assistant, will supervise details for the Spring Show and final approval will be given at the annual meeting here of the Provincial Livestock Breeders Association, Dec. 11-12.

shops at Calgary. The contract price was \$42,500. J. S. Heron, 9710-108 street, was given the job of demolishing and removing a barn and two building foundations at the Aberhart Memorial Sanatorium site. Heron's offer was \$725.

Service Club Events Listed

Following is the list of service club events this week: Tuesday: Gyro, Macdonald, 12:15 p.m., regular business meeting, S.S. Society of Alberta, subject, "Cain's position in world affairs."

Thursday: Rotary, Macdonald, 12:15 p.m., speaker, Sgt. L. C. E. Harris, Northwest Air Command. Opusnik, Macdonald, 12:15, movie film entitled, "Amazing America." Active Club will not meet next week.

Area of the Northwest Territories is almost twice the total area of the three prairie provinces.

CONGRATULATIONS to BRUCE ROBINSON ELECTRIC LTD.

Revolutionizes Commercial Lighting Installations!

For the First Time! All the Advantages of the Finest Custom-Fitted Installations Using Low Cost, Simply Installed Stock Units!

It's amazing! See what these 4 simple, low-cost "building blocks of light" accomplish for the first time! Custom-fitting MITCHELL MODULES make possible unlimited lighting patterns into any ceiling regardless of shape or size, mirror all light sources in one harmonious system, provide equal low brightness throughout. MODULES evenly pass the light where it's needed—in recognized and acclaimed by leading authorities as truly superior lighting. There's never been anything like it before.

Only MITCHELL makes MODULE

these 4 modules are the "building blocks" of the Mitchell Module Lighting System

BRUCE ROBINSON ELECTRIC Is Western Canada's Leading Distributor of the MITCHELL MODULE Lighting System

Be sure to see the Module Lighting in the new Bruce Robinson Showroom at the corner of 109th Street and Jasper Avenue.

Here Are Just A Few Of The Many Advantages Of Module

module is custom-fitting

Here's the new lighting that fits any commercial interior to a T. Four basic MODULE units are the "building blocks" or "components" of light. They fit together easily, economically, to form over 1,000 different patterns. They can be fitted in any room shape or size. They put the light exactly where it's needed. MODULE is the only lighting that custom-fits with standard low-cost units.

module installations are never obsolete

No MODULE lighting system is ever obsolete. Here's why: As lighting needs change, more units can be added at any time, at any point in the system—without installing a single new electric outlet. No need to change MODULE units except light bulbs electrically. MODULE lighting is never "outdated"—the "building blocks" of light simply slip into place easily and economically exactly as required.

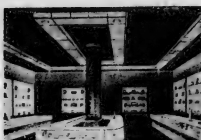

module delivers 20% MORE LIGHT

Proved in actual use—MODULE delivers 20% EXTRA light per unit! Yes—the MODULE translucent plastic module delivers 20% MORE LIGHT. This means more light per dollar—fewer fixtures required to meet footcandle specifications. This means more light, better light, at no more than the cost of ordinary fixtures.

module is newest, finest

And there's nothing in lighting that will stay newer and finer than MODULE. Yes—a MODULE installation remains modern for years, because it's custom-fitted and "grows" with every lighting need; it delivers more light; its appearance has an updated "always contemporary" look. No ordinary fixtures can match these MODULE advantages.

Consulting Engineers! Electrical Contractors! Architects! Interior Decorators! and others—

Alberta Pioneer Is Firm's Head

Prominent Calgarian Has
Colorful, Historical Past

Well-known as a horseman in the early days of Southern Alberta ranching, and today one of Calgary's leading citizens, Malcolm C. Brownlee is the president and general manager of Bruce Robinson Electric Limited.

Born in Lanark county, near Ottawa, Mr. Brownlee came to Calgary by the Bow river in 1905, when the population was about 10,000 people.

His first job was selling subscriptions to the "Farmer's Advocate" in those days one of Canada's foremost farm journals.

Straddling a pinto pony, Mr. Brownlee travelled back and forth through his territory, the rich and vast ranching empire northeast of Calgary.

Pioneer Calgarians remember 1905 as the year a disastrous fire swept the entire southern country from Aldridge and Crossfield to the Red Deer river.

ALMOST DROWNED
Blowing through that fire-ridden country in mid-December, Mr. Brownlee found refuge from a blizzard and subzero temperatures at

Lamerton, a now-defunct hamlet near Millet.

Ferred by cold weather to abandon horseback travel, the young salesman proceeded by train on his first trip to Edmonton.

Mr. Brownlee's adventures in the saddle almost reached a tragic end in 1906, when he and his pony were swept downstream on the Belly river for a half a mile before reaching safety. They were attempting to ford the river to the Old Circle ranch.

In 1919, Mr. Brownlee joined Bruce Robinson Electric Limited as partner. The firm was then three years old. He became president in 1920 on the death of founder Bruce Robinson.

OVER 5,000
Originally the firm specialised in farm lighting equipment. Only one

MALCOLM C. BROWNLEE
... president

model was available at first and demonstrations were given at country fairs and picnics.

Early in the twenties, the firm's service was increased and other products were made available.

British Lister Diesel engines and the original farm lighting units gave way to better models, ranging in capacity from 150 to 25,000 watts.

Mr. Brownlee was in Dayton, Ohio, the day that General Motors started production of the original Frigidaire cabinets. Production, which began at five models a day, is now over 5,000 a day.

Bruce Robinson Electric Limited

Climate Effect In Polio Cases Reported In N.Y.

NEW YORK, Nov. 24 — (AP) — People living in cool climates are more likely to be paralyzed by attacks of polio than people in warm climates. This difference was reported yesterday by Dr. M. Lloyd Aycock, professor of preventive medicine, Harvard University medical school, in the November issue of National Foundation News, published by the March of Dimes organization.

The reason may be due to "some fault of bodily adaptation to the wider variations in seasons in cooler climates," he said.

became exclusive Alberta distributor of Frigidaire products in 1921, a position the company retains to this day.

The company predicts its new Edmonton plant at 109 street and Jasper avenue will rapidly overtake the volume of business at the parent plant in Calgary, and may exceed it by as much as 25 per cent in just a few years.

Mr. Brownlee has never lost his love of the range. His interests today extend to a 700-acre grain and stock farm at Bowness and a 400-acre ranch in the foothills, 30 miles south-west of Calgary.

He is one of the early members of the Calgary Board of Trade, a charter member of Calgary Rotary Club and its president in 1942.

GOOD LIGHTING Means Good Living!

Light is a medium of expression. With it you can flood your home with an abundance of warmth for relaxation as well as supplying the correct amount to do each task in comfort.

VIRIDEN fixtures help you eliminate glare by the use of proper shading and at the same time create an atmosphere of perfect harmony with the other furnishings of the home.

• There are Viriden Lighting Fixtures engineered for lighting efficiency . . . for planned lighting . . . to make a new home or old better to look at—better to live in.

• FOR HALLWAY, NOOK OR LIBRARY. Glacéous lighting with this distinctive unit or one of its companion models so popular with builders and homemakers of today.

• FOR KITCHEN OR GAME ROOM — Charming occasional room unit of hand cut, crystal etched glass. Colonial brass finish and delicately ornamented bowl.

• FOR YOUR BED-ROOM — Choose from five delicately tinted ceramic finishes—ivory, rose, blue, green or French crystal in this smart fixture by Viriden. A graceful unit suited to any decorative scheme or furnishing.

Amateur Explorers Drowned in Cave

EDMONTON, Nov. 34.—(AP)—Six amateur cave explorers who were trapped by underground waters 1,500 feet below the surface, finally later a search party was brought out after the rescue was made. The seven were brought out from the cave. The rescue was made in the Jura mountain region of France.

From a firm which employed only ten people when it opened its Edmonton branch in 1924, Bruce Robinson Electric Ltd., has steadily increased staff. Today it has 53 employees.

Most of these employees work in the general repair department and all are factory-trained personnel.

On Dec. 1, 1947, the company installed a retirement pension plan under the Canadian government's income program. The company pays 30¢ on payments to employees each month, with payments not to exceed 3 per cent of salaries. Retirement age is 40.

OLDEST WORKER

Oldest employee in point of service is Barney Owen, who is in charge of house rewiring. Owen has been with the firm since 1924. Other employees with more than 10 years service are Ray MacCormack, Ed Krauscher, and W. J. Parkhill.

The company's new plant at 100 street and Jasper avenue offers excellent working conditions. There is plenty of space in all departments, as well as air conditioning and complete fluorescent lighting.

In addition, a cafeteria and lunch counter has been opened on the ground floor, making it possible for employees to have meals or snacks without leaving the building.

SALESMEN

A number of Bruce Robinson employees work as salesmen in the city and on the road, and a even a requirement is available when called upon to make installations anywhere in Northern Alberta.

A short time ago, for instance, a company repair crew flew to Fort Providence to check diesel engines for the Canadian Army.

Church Honors Eight Soldiers

Tribute to eight young men of Holy Trinity Church who made the supreme sacrifice during the last war was given Sunday at special services when three stained glass windows were dedicated in their honor.

An honor roll containing 50 names of members who enlisted during the war was also dedicated. While the congregation sang "On

AILMENT KILLS 'LITTLE SOLDIER'

BOSTON, Nov. 14.—(AP)—It's taps for the "Little Soldier." Ten-year-old Earle C. Black, Jr., died yesterday of hemorrhophilia, a blood disease from which he has suffered nearly all his life. His nickname came from nuns at children's hospital where he had long treatments. They said the boy told them he wanted to "grow up and be a soldier."

Valiant Heart: H. W. Lee and H. G. Dyer, wardens of the church, made the petition to Bishop W. F. Barfoot, that the windows be dedicated.

Mrs. L. W. May, former president of the Women's Auxiliary active service group, then unveiled the windows and Bishop Barfoot made the dedication.

Last Post was then sounded and a two minute silence observed in memory of the fallen.

Civil Defence Co-operation Under Study

Community leagues are now considering co-operation in civil defence measures.

A resolution to that effect was discussed at the regular monthly meeting of the Federation of Community Leagues held in the Civic block recently.

Some members felt that as the community leagues were the centre of each district, they should also be the centre of civil defence in case of war. Other members felt that the problem of defence should be left up to authorities, but that the leagues should co-operate with suggested measures.

MOTION TABLED

The resolution was tabled pending investigation of the motion.

Plans for a dinner meeting of the presidents of the various leagues were discussed and it was decided to hold the meeting Wednesday at 6:30 p.m. in the King Edward hotel.

It was also decided that publicity would be stepped up and more work done for the boys' camp this summer.

The world's most northerly land-based radar station is being built by the Norwegian Polar Institute at Inuvik.

NOTICE OF APPLICATION FOR A CHANGE OF NAME OF A COMPANY

(The Companies Act, R.S.A. 1942)

NOTICE is hereby given that the above named company is limited and is applying to the Registrar of Joint Stock Companies and the Province of Alberta for a change of name to BRIDHAM ENTERPRISES LIMITED.

DATED at Edmonton, Alberta, this 1st day of November, A.D. 1950.

AMALGAMATED BUILDERS LIMITED, A. G. Johnson, Director.

TENDERS

Tenders are invited by the Edmonton Public School Board for the supply of materials used by Teachers, Pupils and Caretakers for the year 1951. Specifications may be obtained from the undersigned and sealed tenders are to be submitted by 3 o'clock p.m. on Tuesday, December 10, 1950.

EDMONTON PUBLIC SCHOOLS BOARD
R. G. Turner, Secretary-Treasurer, 218 Civic Block.

Notice to Creditors and Claimants

Notice is hereby given that the above named Carl Heber, who died on the 13th day of November, A.D. 1949, are required to file with the Trustee, Administrator of the Estate of Carl Heber, deceased, by the 13th day of December, 1950, a full statement duly verified of their claims and of any security held by them, which will distribute the assets of the estate of Carl Heber, deceased, to the persons entitled thereto, having regard only to the rights of the estate of Carl Heber, deceased, and not to the rights of the claimant or claimants.

DATED the 10th day of November, A.D. 1950.

TRUSTEE, HERRERA, HERRERA, ADMINISTRATOR OF THE ESTATE OF CARL HEBER, DECEASED.

Auto Ferries Close Down

Fourteen auto ferries have ceased operating in Northern Alberta, according to the latest road report of the Alberta Motor Association. Vias, however, and Harroymore ferries were previously announced as not operating.

Passenger ferries, Hala, Halbur, Shandro, Takah, Gloyd, Alameda (Whitcomb), Holmes (Lambert), Crawford, Lindberg and Woodhead have all ceased service. A fifteen ferry, Watino, is operating in daylight hours only.

Northern Alberta roads continue in rough to fair shape with the exception of the Edmonton-Calgary highway which is termed "good" and the Edmonton-Fort Saskatchewan and Wetaskiwin-Camrose roads which are "fair to good."

Shop Craftsmen Get Extension

WINNIPEG, Nov. 14.—(CP)—Canadian National Railways and union representatives have agreed to allow shop craftsmen to continue work after reaching retirement age at 60 until a backlog of work has been cleaned up.

T. W. Head, union representative, said the backlog exists in both the motive and car departments. About 30 mechanics were due for retirement between now and the end of the year.

Party at McGill Brings Suspension to Four

MONTREAL, Nov. 14.—(CP)—Decision to suspend publication of the McGill Daily, official undergraduate newspaper, and four student leaders until a meeting of the senate on Wednesday was announced yesterday by Dr. F. Cyril James, principal and vice-chancellor of the university.

The action was taken by the committee on student discipline as a result of exaggerated publicity which the Daily had used in advance of a student party in the McGill Union, and for infraction of university regulations in connection with the sale of liquor at the entertainment. Saturday evening.

The entertainment was held as part of the student effort to raise the objective of \$5,000 in the combined charities drive now being held on the campus.

The suspended students are: Robert G. Gaudry, president of the student society; James Carter, president of the McGill Union; John Scott, editor of the McGill Daily; and Douglas Campbell, chairman of the committee which produced the show.

As stated in Friday's Daily announced that the Saturday night "monster extravaganza" would feature "dancing, gambling, games and drinking."

Three girls were also to donate their stockings "pinks, calves and thighs" for a game of hopscotch, and two and a half were to be served, the Daily said.

Mr. Carter said in a statement "we will ask the senate to accept our apology in allowing this affair to develop the way it did."

Four Decrees Are Granted

Four absolute decrees of divorce were awarded by Chief Justice W. R. Howson in Supreme Court Monday.

They were: Clara Cecilia from Edward George Smart, Dorothy from Robert William Shorrock, Eric Armandy Allant from Winifred Pearl Clarke and Barbara from John Turpin.

Robert Fick received a decree nisi from Hannah Fick.

Turkish Soldier Killed in Korea

PROVIDENCE, R.I., Nov. 14.—(AP)—Eliza S. Miller was startled on his second year's birthday. "I cried and fell into my arms," Robert Fick said. "I was turned out Sunday night for his 100th birthday party."

Known as "Pop" to everyone, Miller comes from a long-lived family. Sister lived to 100 and his mother died at 103. "I'm the last one," he said, "and the toughest."

SENATOR-ELECT Everett M. Dirksen is hoisted to shoulders of admiring crowd in his home town of Peoria, Ill. Dirksen defeated Scott W. Lucas, Democratic senate majority leader in recent election.

'File and Forget' Fate Seen for Tibet Appeal

By Stanley Johnson

LARE SUCCESS, N.Y., Nov. 14.—(AP)—Tibet's appeal for United Nations assistance to repel Chinese Communist invaders appears headed for the "file and forget" cabinet.

No UN member seems willing to shoulder the responsibility of sponsoring Tibet's plea in the Security Council. Since the remote Himalayan territory is not a member, it cannot present the plea directly.

The two governments most directly concerned—India and Nationalist China—both take the attitude that Tibet is a part of China, and then "the conflict is a civil war not subject to UN jurisdiction."

Although both countries are highly opposed to the Communist use of force against the 3,000,000 people of the mountain land, they feel that the legal niceties prevent interference.

TOO ENORMOUS
United States' representatives give the impression the U.S. is too engrossed in the Korean campaign to take on the main burden of a new war.

Elsewhere in the UN, the question of Chinese representation in the world body is likely to be brought in the General Assembly this week.

The president, Norrish Entenham of Iran, is expected to set under a Canadian resolution passed by the assembly on the first day of the assembly's session.

Canadian resolution provided for a special committee of seven members to consider the question of Chinese representation and to report to the General Assembly with recommendations.

Under the Canadian resolution the committee would be nominated by the assembly and confirmed by the General Assembly.

Clerk Charged With Robbery

VANCOUVER, Nov. 14.—(CP)—Police said the burglar part of the \$5,000 loot from a Great Northern Railway depot robbery, was taken into the Fraser Valley. The \$1,000 was in silver coins.

The robbery occurred early Friday when a 400-pound safe was carried away from the railway express agency office.

William Lobb, 32-year-old mail clerk, has been charged with the robbery. He will appear in court Tuesday.

Anti-Sabotage Proposal Made

OTTAWA, Nov. 14.—(CP)—Canadian industrial leaders are considering a government suggestion for a civilian organization to combat sabotage in defense plants.

The proposal was made recently by Defence Minister C. D. Howe at a meeting of the Canadian Industrial Association in London.

The "term" is the Indian equivalent of "Mister."

Low Power Rates Depend On Project

WINDSOR, Ont. Nov. 14.—(CP)—Continuation of low electric power rates in Ontario is depending on completion of St. Lawrence River power development by 1956. Robert Saunders, chairman of the Ontario Hydro-Electric Power Commission, said here yesterday.

St. Lawrence scheme would cost about \$100 million, he said, but would provide a service for completion, he said, in five years.

Food Said Needed As Well As Arms

CHATHAM, Ont. Nov. 14.—(CP)—The Canadian government has "arms without sacrificing food," External Affairs Minister Lester B. Pearson said last night. "We must have food and never will ensure peace," he said in an address before the Chatham Park Street United Church, where his father, Rev. A. E. Pearson, was minister for a number of years.
